5. Payment of fees
- 5.1 The program fee is comprised of the tuition fee and enrollment fee as stated in your summary of total fees. The program fee assessed on this program are for the educational and tuition component of the program only based on a standard 30-credit academic year and do not include extracurricular events or other program benefits outside of the education and tuition offered. Additional services may be offered at an additional fee which will vary dependent on the courses/electives that you choose. You should be aware that there may be other costs associated with your study at Hult that are your responsibility, and which are not covered by the program fees or otherwise by these terms and conditions. For example, you may purchase books and/or other materials in connection with the BBA or incur printing and photocopying charges; you may be required to make payments connected with your commencement ceremony; you may be taking a place in Hult accommodation or renting other accommodation. If you have any questions in this regard, please contact Student Financial Services.
- 5.2 Hult requires that you pay a non-refundable application fee of USD95 when submitting your application. Upon acceptance, a non-refundable confirmation deposit (USD 1,650 for our Boston campus, GBP 1,050 for our London campus and AED 6,000 for our Dubai

campus), known as the confirmation fee, is also payable after acceptance into the program, this fee contributes towards the program fees and will hold the student's place in the chosen program in accordance with your summary of fees. Your confirmation deposit will be held and deducted from your final tuition payment due, but you will not be entitled to any interest accruing during the period that the confirmation deposit is held. Submitting an Early Action application indicates that Hult is the student's first choice institution. Students can apply to other institutions but cannot have multiple Early Action applications pending at any time.

- 5.3 For the purposes of these terms and conditions, "matriculation" means the date on which the student matriculates in accordance with the Academic Regulations. The tuition fees are billed for the upcoming Academic Year and payments are due as per agreed payment plan. Any additional credits attempted during the academic year is charged at the end of each term, and any additional summer credits signed up for are payable before the start of the summer classes (subject to summer course registration deadlines issued by the academic department).
- 5.4 The application fee, confirmation deposit and all remaining charges due can be paid by the online application portal payment service, which is powered by trusted third-party payment processor, Flywire. . The online application portal provides customized payment solutions so that whenever possible students can pay in their local currency and ensure the correct amount due in the invoiced currency is received by Hult and applied to the student account in the fastest way possible. Invoices will be raised in the currency of the student's registered campus and payments through Flywire should be made in the invoiced currency. All fees associated with remitting payments are the responsibility of the student. Students should ensure to state the full name of the applicant/student and the associated ID number on all payments. Bank detail requests and all other financial queries should be directed to our Student Accounts team via the [Support Portal](#).
- 5.5 You are responsible for ensuring your fees and any other charges or fines incurred by you at Hult or in connection with your studies are paid in a prompt and timely fashion. Where a third party is responsible for payments on your behalf, you will remain responsible for payment by that third party and so must ensure that they pay in a prompt and timely fashion. We advise all students to be mindful of the risk of bank wire fraud and to take responsibility for checking that any bank transfer of funds is made to the correct location. Hult does not accept liability for payments that are made to incorrect third parties. For any additional questions and support needed related to making a payment, please contact our student accounts team ([Support Portal](#)).

- 5.6 If any fees remain outstanding after the due date for payment, Hult will not be required to perform its obligations set out in these terms and conditions and reserves the right to do any or all of the following:
- (a) suspend your participation on the BBA by placing you on what we refer to at Hult as “Financial Hold”; and/or
 - (b) terminate your participation on the BBA and/or registration as a student at Hult; and/or
 - (c) prevent you from matriculating onto the BBA (where applicable); and/or
 - (d) withhold any award and/or transcript for your BBA you are entitled to (if permitted by applicable law); and/or
 - (e) apply a late payment surcharge of \$100 USD or equivalent in same currency as tuition charges; and/or
 - (f) place your account with a collection agency and accordingly you acknowledge that you will be liable for all reasonable collection agency fees up to 30%, in addition to attorney fees and other applicable charges necessary for the collection of your debt; and/or
 - (g) report any debt to credit bureaus/agencies dependent on the laws of your campus location.
- 5.7 Hult increase the program fees annually and the new tuition rates are communicated during Spring before the new academic year. Any program fee increase will be driven by an increase in cost base, which may be the result of either inflation and/or investments made in the School. For students who matriculated after January 2020, the scholarship awarded amount will not increase throughout their time at Hult. All scholarships awarded at the time of acceptance and confirmation are always based on a 30-credit academic year unless stated otherwise and will be pro-rated in accordance with the number of credits invoiced to the student within that academic year.
6. Cancellation or Changing of Programs, Specializations, and Rotation Locations
- 6.1 Where permitted and in accordance with applicable law, all programs, rotation locations, accommodation, and specializations are offered in good faith, but in the event that enrollments for a specific

program or location are deemed not sufficient to viably run the program, Hult reserves the right to cancel or move any offered program, rotation location, accommodations, or specialization to another location. Hult will communicate any changes as early as possible, and provide any affected students with other programs, locations, or specializations to attend. Program curriculum may also be subject to change. Students must be in good academic standing and up-to-date on program fee payments to be eligible to select a new home campus or participate in summer rotations.

7. Program Fee Credit Policy

- 7.1 The program fee entitles a student to study in classes totaling up to 30 credit hours per academic year. Students who attempt classes totaling less than 30 credits will be able to carry those credits forward to future terms. For students who attempt more than 30 credits, these will be charged pro rata per credit and must be paid during the same academic year they are attempted. In the final academic year invoice, students will be billed for the credits required to reach the 120 credits needed for graduation or credits otherwise taken. For completeness, students who attempt more than the 120 credits required will be billed for the additional credits attempted.
- 7.2 This program fee credit policy does not apply to a withdrawing or withdrawn student. In these circumstances, refunds will be calculated and paid by Hult in accordance with the refund policy set out in these terms and conditions.

8. Leave of Absence, Withdrawals, Dismissal and Refunds

- 8.1 Students returning from a leave of absence, withdrawal, or dismissal must pay any outstanding balance in full before rematriculating. If tuition, fees, or service costs have increased since their last enrollment, they will be subject to the updated rates upon their return.
- 8.2 The amount of any program fee refund will be based on the program fees paid for the current academic year, less any applicable non-refundable costs (e.g. student fees, insurance charges, etc.) and any institutional aid awarded (including all financial aid, scholarships, and bursaries awarded by Hult), as per refund schedule in clause 9.1. This is known as the “net program fee” for the purposes of these terms and conditions
- 8.3 In accordance with regulations, special rules apply to U.S. citizens, Californian residents and other permanent U.S. residents receiving U.S. federal student aid. Copies of these policies are available upon request from the Financial Aid Office.
- 8.4 The confirmation deposit is non-refundable, except under the following circumstances:
 - (a) In the case of an applicant confirming upon the condition of being granted a student visa for the desired campus and subsequently failing to obtain such a visa due to rejection, the applicant will be eligible for a refund of 100% of the value of the confirmation deposit subject to the provision of proof of the visa rejection.

- (b) In the case of an applicant confirming upon the condition of meeting admission requirements and subsequently failing to meet such standards, the applicant will be eligible for a refund of the confirmation deposit.
 - (c) In the case of an applicant withdrawing, excluding the circumstances set out in sections 8.3(a) and 8.3(b), giving prior written notice that is received by Hult not less than 120 days prior to their designated program start date, the applicant will be eligible for a refund of 50% of the value of the confirmation deposit. Notice received by the school after that date means that the applicant is ineligible for refund of the confirmation deposit. Early Action applicants are ineligible for a refund under either circumstance.
 - (d) If an applicant has applied for the London campus, the applicant has the right to cancel within 14 days of having accepted the offer to attend Hult. The cancellation does not have to follow a specific format, but it must be made in writing through e-mail to the applicant's enrollment advisor.
- 8.5 Program fee refunds are calculated based on the date the official written is received by the Registrar's Office. Official written withdrawal notices received before 5pm EST will be calculated based on the date of receipt. Notices received after that time will be calculated based on the following business day. Non-attendance does not constitute official withdrawal. The schedule that follows will apply to students withdrawing voluntarily, as well as to students who are dismissed from the School for academic or disciplinary reasons.
9. Refund Schedule
- 9.1 Subject always to sections 9.2 and 9.3, the amount of any program fee refund will be based on the net program fee after deduction of non-refundable items in accordance with the following schedule:
- (a) Prior to matriculation: 100% of net program fee;
 - (b) After matriculation and within end of first term: 50% of the net program fee;
 - (c) After start of second term (including Summer terms): 0% of the net program fee.
- 9.2 Refunds will be sent to the method of payment received depending on the amount due back to the student. As such, amounts received directly from governmental and external loan providers will first be sent back to the loan provider before refunding the student. Any accommodation fee refunds are regulated in the student housing agreement.
- 9.3 If the student is on a student visa, withdrawal from Hult will invalidate the student visa, the immigration authorities will be informed and no refund will be paid until evidence of departure from the host country of the campus location is provided to Hult.

10.3 In addition to the satisfaction of the conditions listed in section 10.2 above, students starting in January, from Spring 2021 onwards, are eligible to this benefit subject always to the satisfaction of the criteria set out in this section 10.3:

- (b) In order to be eligible for this specific offer, students must have applied to our BBA Program by 1st August of the year before and be in a position to demonstrate that they graduated from high schools or colleges in December of the year before.

 - For example, a student that should have started in January 2026 defer their start date to September 2026 will no longer be eligible for this offer.

- 10.4 The Early Action offer cannot be combined with any other full-tuition scholarship offered by Hult. This includes, but is not limited to, the Hult Scholar Grant. This means that students who receive a full-tuition scholarship for their BBA do not qualify for the Early action offer.
- 10.5 For students who matriculated at Hult International Business School between Fall 2020 and Spring 2024, Early Action candidates (formerly known as Early Decision) may earn a place in a specific master's degree program following their bachelors program at no additional tuition cost (meaning that the tuition fee for that master's degree program will be waived) (i.e. "BBA Journey at Hult"). Students must register for a minimum of 30 credits during the core academic year. Conditions for this benefit are specified below. The conditions stated in clause 10.5-10.7 do not apply to Early Action students who are matriculating from Fall 2025.
- 10.6 In addition to the compliance with the conditions set out at sections 10.2-10.4 inclusive above, the following conditions would need to be met to maintain eligibility for the BBA Journey at Hult:
- (a) The master's program must follow directly after the student's completion of the undergraduate program and may not be deferred or delayed in any way. This offer is not considered credit for later use nor can it be redeemed for cash value.
 - (b) Students must graduate on time from the undergraduate program and have a minimum cumulative GPA of 3.0 upon graduation.
 - (c) All students will need to pay a non-refundable deposit to hold their seat in the master's program which will be used for materials and license fees. Payment dates will be specified and due during the student's final year of the undergraduate program.
 - (d) Students must meet all deadlines for registration and payments to their Master program without exception.
 - (e) Students must always remain in good academic standing and must not receive any honor code violations or be placed on academic probation at any time.
- Students may not be delinquent with payments for the undergraduate program at time of applying for their Master program and any charges from their undergraduate program or other charges from the institution must be paid in full for the student to be allowed to matriculate on their Master program.
- 10.7 This section 10.7 includes more information related to the master's program that will be offered provided all the conditions listed above are met:
- (a) The Early Action offer is pending final financial aid decision. Should a student be unable to attend Hult financially, he or she will no longer be bound by Early Action.
 - (b) Students who qualify for the master's program upon successful completion of their undergraduate degree are eligible to partake in the following programs*:
 - Master's in International Marketing
 - Master's in Finance

- Master's in Management**

*Please note that not all masters programs are offered across every Hult campus location and that offering is subject to change.

**Students will need to attend a mandatory meeting with the academic team prior the review of their application.

- (c) If any of the master's programs set out in section 10.7(b) above are unavailable at the time of your graduation, a substitution will be provided.
- (d) Because there is considerable curricular overlap, students may not pursue a specialized free tuition master program in the same discipline as their undergraduate major. Students who wish to pursue their free master's degree in a discipline in which they would also like to minor should discuss this with their Student Development Coach prior to selecting a minor. If they do choose to pursue their master's degree in their minor discipline, they must meet with the academic team of their master's program prior to submitting their application to that program.
- (e) Future master's programs may be created by Hult—the eligibility of those programs will be considered on a case-by-case basis.
 - Guaranteed campus location for the master program is not included in this offer. If the student's preferred campus is not available, that is not a valid reason for deferment of this benefit.
 - Visa restrictions may prohibit participation or require flexibility in choice of program, location, and timing.
 - Students who receive this benefit may not receive any additional master's degree (also known as the "Dual Degree") at no additional tuition cost.
 - Eligible Student are required to fill in the application form on time as sent to them by the Campus team. No student will be accepted into the free tuition master program without filling out the application form even if all requirements are met.
