

OCM26BGH

Essence / Series 2
Combi microwave oven / 60 cm
Black glass

Inverter microwave system: Precisely controlled microwave flow **Powerful heating elements:** Efficient and precise heating **3" TFT touch display with touch keys:** Effortless user interface **ConnectLife:** Monitoring and control in the palm of your hand **Celsius°Cooking™ technology:** Exact temperatures for tasty and healthy cooking

Examples of oven functions

Hot air, ECO hot Air, Dry hot air, Top + bottom heat, Top (30%) + bottom (70%) heat, Top + bottom heat + fan, Air fry, Hot air + bottom heat, Large grill, Large grill + Fan, Bottom heat, Microwave, Hot air + microwave, Large grill + fan + microwave, Top + bottom heat + fan + microwave, Air fry, Defrost, Keep warm, Plate warming, Hot stones, Sterilizing, Dehydrate, Hot stones, Reheat, Keep warm, Plate warming, Preserving, Sabbath

Celsius°Cooking™ technology

- Temperature calibration function: Assures that set temperature is actual temperature in the oven with minimal (max +/- 1 °C) temperature deviations.
- 360° Air Flow: Uniform temperature throughout the oven for perfect baking results even on multiple levels.
- Smart algorithms that ensures perfect temperatures and steam levels for a tasty, healthy and uniform cooking result.
- Food probe that ensures perfect core temperatures.

Cooking assistance

- Inverter microwave system: Delivers a constant flow of microwaves for careful heating of the food, with less energy consumption and noise.
- Wide microwave power range: from very low 90 W to powerful 1000 W.
- Uniform and fast heating with powerful heating elements.
- Stage cooking: Combination of up to three oven functions in one cooking cycle.
- 115 Auto programs: Select a dish from the list of pre-programmed dishes, designed to make cooking effortless and precise.
- Fast preheat: Quick heating of the oven to the set temperature.
- No bulky turntable: Instead, a microwave stirrer is used that distributes microwaves.

Comfort & care

- Aqua clean function: Energy-efficient cleaning program that dissolves dirt and makes it easier to clean the oven without detergents
- 3" TFT full colour touch display with touch buttons for easy access to oven functions and cooking status overview.
- ConnectLife app for remote control, monitoring and information.
- Over the air updates (FOTA) of the oven - keep your oven up to date with new features, recipes, programs and bug fixes.
- Soft open/Soft close door. // Ultra cool door for your safety.

Technical data

- Electrical connection: 3,6 kW / 220-240 V / 50-60 Hz / 16 A // Usable oven volume: 71,5 litre
- Max noise level: 42 dB
- Maximum power (Grill / Convection heat / Microwave): 3,4 kW / 2,1 kW / 1.0 kW
- Temperature range: 30 - 250 °C / Temperature accuracy: +/- 1 °C

- 1 Grill rack
- 1 Glass tray
- 1 Mid tray
- 1 Food probe

Installation
