Quito, 08 de octubre de 2026

Asunto: Extension of DGAC Ecuador Authorization Certificate.

Señor
Dean Gullery
Manager, Quality Assurance & Safety
AIR NEW ZEALAND
En su Despacho

Dear Mr. Gullery,

In response to your unnumbered letter dated September 24, 2026, regarding your request for "*a further extension to our Authorization issued by DGAC (...)*", please be advised that this Authority is issuing an additional one-year extension, effective October 31, 2026, to provide maintenance services in accordance with the authorization certificate issued by the DGAC of Ecuador.

We would appreciate it if you could send an official letter requesting the on-site audit (with mutually agreed-upon dates) at least four months prior to the expiration date of this extension letter, allowing us to prepare for the audit and comply with all administrative requirements.

Upon successful completion of the audit during the certification renewal process, the organization will receive its updated authorization certificate.

Sincerely,

Atentamente,

Documento firmado electrónicamente

De mi consideración:

REFERENCE: Request/Application for Part 145 Maintenance Organisation Certification (CHCE)

Mr. Dean Gullery
Manager, Quality Asurance & Safety

CHRISTCHURCH ENGINE CENTRE

AIR NEW ZEALAND

Dear Sir,

In response to your letter, dated 26 June 2019, regarding "Request/ Application of **Christchurch Engine Centre (CHCE)** for Part 145 Maintenance Organization Certification", in order to obtain DGAC Ecuador Certificate of Authorization, to provide V2500 engines maintenance support services to ecuadorian register operators, **the Civil Aviation Authority of Ecuador grants this Temporary Authorization until January the 31th 2020.**

I will appreciate that you send a letter of invitation, at least one month in advance to the date of expiration of this Temporary Authorization, in order to prepare and comply with the pending on-site audit of your organization on dates to be agreed.

Con sentimientos de distinguida consideración.

Atentamente,
