

# Broadpin EPM Ready2Use

Go-live in in 8 weeks

## YOUR EPM SOLUTION FOR MID-SIZED AND FAST-GROWING COMPANIES

Broadpin EPM Ready2use puts you one step ahead. This modular cloud solution takes your organization to the next level with modern Enterprise Performance Management. It is quickly implemented, scalable and equipped with AI-powered best-practice processes for maximum efficiency. The result: end-to-end planning and data-driven decision-making – delivered at a fixed price, secure, and future-proof.

### FINANCIAL PLANNING

Integrated planning, budgeting and forecasting with preconfigured best-practice models for P&L, balance sheet and cash flow.

### ADVANCED PLANNING

Seamless connection of investment, project and marketing planning with financial planning, all within a single integrated platform.

### WORKFORCE PLANNING

Comprehensive planning of human resources at both employee and role level, with seamless integration into financial planning.

### NARRATIVE REPORTING

Combination of real-time data, clear narratives and automated workflows for compliant and transparent reporting.

## START YOUR DIGITAL TRANSFORMATION – WITH BROADPIN & ORACLE® FUSION EPM
