

Broadpin Commerce Ready²Use

Go-live in 8 weeks

YOUR DIGITAL COMMERCE SOLUTION FOR MID-SIZED AND FAST-GROWING COMPANIES

With Broadpin Commerce Ready2use, you're all set for the next stage of digital customer interaction. This unified commerce platform optimizes B2B and B2C transactions, thereby strengthening customer satisfaction. Quickly implemented, modularly scalable and delivered at a fixed price.

Commerce Cloud

Oracle® Commerce is a cloud-based platform for B2B and B2C that combines self-service, personalized buying experiences, fullservice sales and seamless back-office integration, all in a single solution.

CPQ

Oracle® CPQ provides automated product configuration, real-time pricing and intelligent deal and price management to maximize efficiency and profitability.

CREATE LONG-TERM CUSTOMER VALUE – WITH BROADPIN & ORACLE® DIGITAL COMMERCE

As a long-standing Oracle® partner, Broadpin delivers tailored end-to-end solutions for digital transformation. Our strengths include deep technology expertise, international delivery capabilities and the ability to provide measurable business value.
