

Cargo, Handled Personally

Flexible air freight solutions connecting Bermuda, the U.S., Canada, and the Caribbean — with direct contact, responsive service, and personal support from booking through arrival.

BermudAir Cargo combines the reliability of a scheduled airline with the personal attention of a dedicated freight team. Whether you're moving business-critical packages, perishables, live animals, or time-sensitive shipments, you deal with experienced professionals — not automated phone trees — every step of the way.

Cargo is accepted on all scheduled BermudAir routes. Contact our team early for specialty cargo and peak-date shipments.

The BermudAir Cargo Difference

Easy Booking

Fast, responsive support from a dedicated cargo team — one call or email and you're underway.

Personal Service

Direct contact with experienced professionals who know your shipment by name, not just by tracking number.

Shipment Updates

Regular email updates from booking through arrival. You'll always know where your cargo is and when to expect it.

Flexible Solutions

Tailored rates and service options designed around your cargo — not a one-size-fits-all rate card.

What We Move

General Freight

Business documents, commercial goods, and packages handled with care and tracked throughout the journey.

Perishable Cargo

Temperature-sensitive shipments packed with approved gel ice accepted on our scheduled flights.

Live Animals & Pet Transport

Pets can travel in the cabin or hold when accompanying a passenger (size restrictions apply). Unaccompanied pets and live animals accepted on request.

Time-Critical Shipments

Priority handling for urgent freight that can't wait — with regular updates so you're never left wondering.

Onboard Courier Service

For high-priority shipments that need to travel on the next available flight, our onboard courier solution puts a dedicated courier on board with your cargo.

Our Network

BermudAir Cargo moves on selected route within our vast network — non-stop between Bermuda and key cities across the U.S., Canada, and the Caribbean (on request). Typical transit times of around two hours mean same-day or next-flight delivery is often possible on many routes.

Current cargo routes include:

- Bermuda
- Toronto
- Newark
- Montreal
- Baltimore/Washington
- Halifax

**Other network locations available on request*

Shipment Guidelines

A few key details to help you plan:

- Maximum weight per piece: 45 kg
- Maximum shipment weight: 1,000 kg
- Maximum dimensions: 60 × 60 × 60 cm
- Hazardous materials: not accepted
- Acceptance depends on combined dimensions, weight, and aircraft availability. For oversized or specialty cargo, request a loadability check before booking.

4 Step Process

1

Request A Quote

Contact our cargo team with your shipment details — dimensions, weight, origin, destination, and any specialty requirements.

2

Receive Your Rate

We'll come back with a tailored rate and confirm availability on your preferred flight.

3

Book & Drop Off

Confirm your booking, prepare your shipment to guidelines, and drop off at the designated cargo acceptance point.

4

Track to Arrival

Receive regular updates throughout the journey. Your dedicated contact is available if you need anything en route.
