

About BermudAir

BermudAir is Bermuda's boutique airline, born and built around the island we call home. We connect Bermuda with key destinations across the U.S. and Canada, while expanding our seasonal network to Grand Cayman, Turks & Caicos, Belize and Guatemala, delivering an elevated experience for both corporate and leisure travellers. Our modern Embraer fleet, two-class cabin (Business and Economy), and genuine island hospitality set us apart from legacy carriers.
