CLUB REQUIREMENTS – REGISTRATION, INSURANCE & GOVERNANCE

To operate Social Handball under the relevant GAA Insurance arrangements, clubs must complete the required programme registration process with GAA Handball before launch; confirm that the programme coach holds the minimum required coaching qualification and meets applicable GAA requirements; complete and return the Social Handball-specific club checklist; ensure participants are appropriately registered and insured; and maintain accurate registration and attendance records for each session.

Clubs must ensure that all Social Handball activities are delivered in accordance with current GAA safety procedures and data protection requirements.
