SILIGUN CLASSIC COMPACT SILICONE GUN

The SILIGUN Classic is the world's most compact 4" caulk gun, designed for easy use in tight spaces. Made from durable ABS plastic and weighing just 290g, it delivers a smooth 12:1 thrust ratio for controlled application of sealants and adhesives. No-drip technology ensures a clean finish, while the built-in seal punch and hanging hook add practical convenience. Compatible with standard 310ml (10oz) cartridges, it's ideal for trade and DIY use where portability and precision matter.
