Standing Seam

Coatings

Choose from a wide range of standard coatings or, for that extra individuality or corporate identity, talk to us about color and finish options tailored to your specific needs.

Kingspan PVDF

Highest possible performance with respect to gloss retention, chalking and colour change. Can be supplied with a strippable plastic film as additional site protection.

- Class1 polyvinylidene fluoride/ acrylic paint system
- Total coating thickness of 25 microns
- Extremely durable system, giving excellent flexibility and chemical resistance
- High-end residential, institutional and commercial applications

Smooth, high-gloss
25-55 μ thermoplastic
PVDF coating

Multi-layered coating
structure – consists of
up to 4 layers of paint

Multi-layered coating
structure – consists of
up to 4 layers of paint

Multi-layered coating
structure – consists of
up to 4 layers of paint

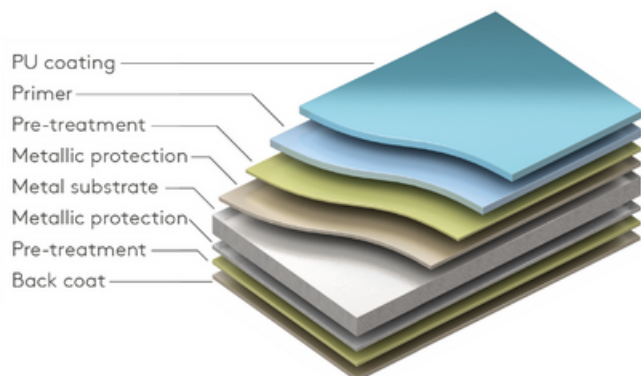

Multi-layered
coating structure –
consists of up to 4
layers of paint

Kingspan Spectrum

A range of proven smooth polyurethane coatings that delivers aesthetic brilliance and guaranteed performance in a variety of applications and can be applied for more harsh and corrosive atmospheres.

- Innovative 120-micron paint system
- Unique heavy duty anti-corrosive primer and polyamide modified polyurethane final coat
- Ideal where a smooth texture is required
- Increasing use in applications where durability is important

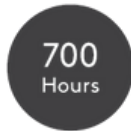

Smooth 55 μ thick
PU coating in Solid,
Metallic and Diamond
finishes

High-build material
for applications where
durability is important

Good corrosion
protection of the metal
substrate (700 hours
salt spray test)

High level of
temperature resistance
(80°C for Spectrum
Solid and Metallic)

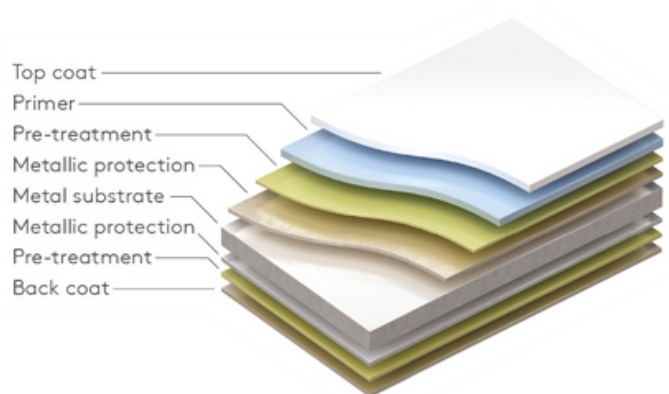

Guaranteed up to
20 years depending
on location of the
building

Kingspan Polyester 25 Micron

A cost-effective color coating with a medium-term life for both aluminum and steel with good chemical and humidity corrosion resistance.

- 25-micron paint system
- Cost effective solution
- Increased color range

Standard 25 μ
polyester coating

Non-toxic and easy
to clean

Good robustness, chemical
and humidity corrosion
resistance

Metal Pattern

Variety of options for metal patterns:

- Stucco Embossed
- Plain Mill Finish
- Coated Metals

Paint Finishes

Variety of options for paint type:

- Polyester
- PVDF
- Endura

Special Finishes / Effects

Material and finish choices is influenced by:

- Warranty period
- Geographical location
- Aesthetic aspect
- Other architectural requirements

Available on application. Custom finishes based on project specifications. Minimum quantities may apply –please consult the Kingspan Technical Department
