BUILDING THE FUTURE OF MANUFACTURING

YOUR FESTIVAL FOR CO-INNOVATION

30TH SEPTEMBER 2026

OSTRA-DOME, DRESDEN

SPREAD THE WORD

HOW YOU CAN SUPPORT US

Dear hub community,

We are delighted that you would like to support us in our application for hub:disrupt. Our ecosystem thrives on collaboration and the desire to shape the future together. With hub:disrupt, we want to stimulate dialogue, learn from each other and offer our community a stage. With your reach, you are making a valuable contribution to the success of the event. You help us to reach potential participants, companies and experts and fill the event with life. We would like to thank you for this.

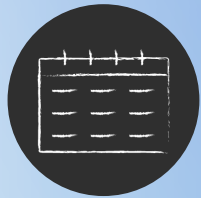

On the following pages you will find content suggestions and links that you can use as a template and inspiration for your posts on LinkedIn, Instagram or in mailings. Feel free to link to us and our programme partners in your posts and don't hesitate to contact us if you have any questions.

You can find the current programme and further information about the event at <https://www.hubdisrupt.de/>

Thank you very much!
Luisa Göhler & the Smart Systems Hub Team

hub:disrupt – the tech festival for co-innovation in industrial automation

Taking on challenges & seizing opportunities – together! This is exactly what hub:disrupt is all about. Be there when Europe's largest co-innovation hub for industrial automation brings together entrepreneurs, experts and visionaries to present new perspectives on automation and digitalisation. Make new contacts, exchange experiences across industries and actively shape the future of manufacturing.

We connect • We disrupt • We build Future
