

Hult Undergraduate Application Process

This guide is designed to help high school counselors support students applying to Hult's undergraduate programs.

What Hult looks for

Hult seeks students who aspire to make an impact in their communities, careers, and the wider world. We look for applicants who demonstrate curiosity, motivation, and drive, and who are ready to challenge themselves, grow as leaders, and contribute to an international community.

Hult takes a holistic approach to admissions. Academic performance is important, but it is considered alongside the applicant's experiences, motivation, mindset, and potential.

The admissions team considers:

- Academic achievement and preparation for undergraduate study
- The applicant's academic progression and educational context
- Experiences, achievements, and contributions beyond the classroom
- Motivation for studying at Hult
- Adaptability, open-mindedness, creativity, and willingness to grow
- Performance in the personal assessment interview
- Potential to contribute to and benefit from Hult's global learning environment

Hult aims to understand the whole applicant, not just a test score.

Personalized enrollment support

Each applicant and their family will have a dedicated enrollment advisor to support them throughout the admissions process, including guidance on:

- Program information and selection
- Scholarships and financial aid
- Campus options
- Application preparation
- Outstanding documents and requirements
- Next steps after an admissions decision

Application process at a glance

Applicants should complete the following steps:

1. Choose an application platform and submit the Hult undergraduate application.
2. Submit the required academic and supporting documents.
3. Complete the personal assessment interview.
4. Respond to any additional document requests, if applicable.
5. Receive an admissions decision.
6. Confirm their place by the deadline stated in the offer.

Please note that an application will be considered for admissions review once all required documents and application steps have been submitted.

Application platforms

Candidates can apply through one of three ways:

[Hult.edu/apply](https://hult.edu/apply)

Commonapp.org

Ucas.com

Candidates applying through the Common Application or UCAS will receive access to Hult's online application portal after submitting their application.

Applicants who wish to apply through UCAS should be aware of the following codes:

Hult International School UCAS Code: H76

Course	Code
Bachelor of Business Administration	N1Q3
Bachelor's in Computer Science for Business	B1Q3
Bachelor's in Entrepreneurship	D1Q3
Bachelor's in Psychology, Economics, and Politics	L1Q3

Application checklist

While specific application documents may vary by applicant, students should anticipate submitting:

- A completed Hult undergraduate application
- A high school transcript
- A high school diploma or evidence of expected graduation
- Contact details for one academic referee, or a letter of recommendation
- Evidence of English proficiency, where required
- The personal assessment interview
- Any additional documents requested based on the applicant's background

SAT and ACT scores are optional and are not required for the application.

Please note that applicants who are still completing high school will need to provide their final grades and high school diploma before matriculation.

Application requirements

Secondary education qualification

Applicants must hold, or be in the process of completing, a secondary education diploma or its recognized equivalent before enrolling at Hult.

Hult welcomes applicants from a wide range of international education systems, including:

- A-levels
- American high school diploma or equivalent
- International Baccalaureate diploma
- French baccalauréat
- German abitur
- Italian maturità

- Spanish bachillerato
- Other nationally recognized secondary school qualifications

Counselors who need guidance on a specific qualification should contact your student's personal enrollment advisor or email counselors@hult.edu.

Academic transcripts

Applicants should submit their most recent high school transcript, including available grades from the current academic year. Where relevant to the applicant's education system, predicted grades may also be submitted.

Applicants who are still completing high school should submit their final grades and diploma as soon as these become available. These documents must be provided before matriculation.

Transcripts may be submitted through the application portal or as otherwise advised by the student's enrollment advisor. Hult may contact the school or counselor to verify submitted academic information.

Academic performance

Hult reviews academic performance in the context of each applicant's educational system, school environment, and academic journey. Grades are important, but they are not the sole factor in the admissions decision.

The admissions team may consider:

- Academic achievement and progression
- The level of challenge within the applicant's curriculum
- Subjects relevant to the chosen program
- Current and predicted performance, where available
- The applicant's overall preparation for undergraduate study

There is no single academic profile that defines a successful Hult applicant. Counselors may provide context where a student's transcript includes unusual circumstances, a change in curriculum, or significant academic progression.

English proficiency requirements

Applicants whose first language is not English may be required to provide evidence of English proficiency.

The requirements are:

- **IELTS:** Minimum overall score of 6.0
- **TOEFL:** Minimum score of 80
- **Duolingo English Test:** Minimum score of 110
- **Cambridge:** Minimum B2 Proficiency

Applicants may submit their application before completing an English proficiency test. If accepted, their offer may include proof of English proficiency as a condition. The required result can then be submitted later in the admissions cycle.

English proficiency waivers

Applicants educated in an approved English-medium education system may qualify for an English proficiency test waiver. Candidates should ask their enrollment advisor to confirm whether their educational background qualifies.

Important: These requirements apply to admission to Hult's undergraduate programs. They do not reflect the English proficiency requirements that may apply for visa purposes at a specific campus location.

Academic referee and letter of recommendation

Applicants should provide the contact details of one person who knows them in an academic context. This may be a school counselor, teacher, or another appropriate academic representative. A letter of recommendation may also be submitted at the time of application. The admissions team may contact the academic referee or recommender if the applicant's academic background requires further context. An institutional email address should be used wherever possible rather than a personal email address.

English translations

All admission documents submitted should be in English. If official English translations are not yet available, applicants may provide non-official translations during the admissions process. Official translations must be provided before matriculation.

Personal assessment interview

All applicants must complete an online personal assessment interview with a member of Hult's enrollment team.

The interview helps Hult understand what motivates the applicant, what they have learned from their experiences, and how they may contribute to the Hult community. It may also be used to assess English proficiency where further assessment is needed. For detailed guidance on the interview and how counselors can support students in preparing, please refer to the **Personal Assessment Interview: Information and Preparation Guide** in the resources section of hult.edu/counselors.

Important information for UCAS applicants

UCAS applicants must complete their personal assessment interview by their required reject by default (RBD) deadline. If the interview is not completed by that deadline, the application may be considered incomplete and could be unsuccessful.

Application deadlines

January 2027 Intake (BBA & PEP Only)

Round	Date
Round 1	October 1, 2026
Round 2	November 1, 2026

September 2027 Intake (All Programs)

Round	Date
Round 1	November 1, 2026
Round 2	December 15, 2026
Round 3	March 1, 2027
Transfer Applicants	April 1, 2027
Late Applications (Space Permitting)	June 1, 2027

Application review and decisions

Once all required documents have been submitted and the personal assessment interview has been completed, the application is reviewed by the admissions team. An application enters the next review round once it is complete. This means that all required documents and application steps must have been submitted. Applicants receive their decision by email, and the decision is also updated in the Hult application portal. **UCAS applicants will also see the decision reflected in UCAS.**

September 2027 Admissions Notification Dates

Round	Date
Notification Round 1	Week of November 23, 2026
Notification Round 2	Week of January 11, 2027
Notification Round 3	Week of February 15, 2027
Notification Round 4	Week of March 1, 2027

My student has been accepted to Hult, now what?

To help students get more familiar with life at Hult, we offer a series of exclusive accepted student events online and in person.

Accepted Students Day

The best way to understand Hult is by experiencing it firsthand. All accepted students are invited to attend the Accepted Student Day event at Hult's London campus on April 10, 2027. If students are unable to attend this event, we also offer a virtual version providing the same experience right from the comfort of their own home. For more information on these events, check the **Resources & Events** section of Hult's Counselor Resource Hub at hult.edu/counselors.

Accepted students come to Hult from all over the world. We also run a series of local accepted student events for students in your area. For more information on this, your student can contact their personal enrollment advisor.

Confirmation deadlines

Applicants must confirm their place by the deadline stated in their offer letter.

- Applicants confirming by **February 15, 2027** may be eligible for Early Action benefits
- For decisions received before May 1, the confirmation deadline is **May 1, 2027**
- For decisions received after May 1, the deadline is **two weeks from the notification date**

Applicants applying through UCAS should follow the confirmation deadlines communicated through UCAS and in their offer. The applicant's offer letter will confirm the deadline that applies to them.

How can you support your students?

You can support students by helping them:

- Understand the available application routes and requirements
- Identify experiences that demonstrate curiosity, initiative, adaptability, and growth
- Present their academic journey clearly and in context
- Secure an academic referee using an institutional email address
- Gather transcripts, predicted grades, diplomas, and any required translations
- Confirm whether they need to provide evidence of English proficiency
- Prepare thoughtfully for the personal assessment interview
- Monitor completion of all application steps and deadlines
- Review their offer and confirmation deadline once a decision is received

For questions about the application process, please contact the student's enrollment advisor or email counselors@hult.edu.
