

Hult Scholar Grant

Supporting exceptional potential

Hult has challenged its community to create a better future by making an impact that matters for more than two decades. In 2020, we extended that commitment through the Hult Scholar Grant, created to support exceptional students whose potential should not be limited by their financial circumstances.

Each year, Hult awards full tuition grants to up to 10% of the incoming class. The grant is designed for high-achieving, entrepreneurial students who have demonstrated significant financial need, a commitment to personal growth and the potential to contribute meaningfully to their communities and the wider world.

Hult Scholars are more than accomplished students. They are dynamic thinkers, courageous leaders and purposeful individuals who embody the Hult DNA: an entrepreneurial mindset, a commitment to growth and the determination to turn ideas into meaningful action. Since its launch, the Hult Scholar Grant has grown into a diverse community of students across Hult's Boston, London and Dubai campuses.

What We Look For

Entrepreneurial mindset

Hult Scholars learn best by doing. They turn ideas into action, approach challenges creatively and use their initiative, resourcefulness and perseverance to create solutions.

Growth mindset

Hult Scholars respond positively to challenge and change. They learn from setbacks, adapt to new environments and remain committed to personal development, even when the path forward is uncertain.

Leadership

Hult Scholars take ownership of their learning and contribute actively to their communities. They lead by example and demonstrate a global, ethical perspective in the way they work with and influence others. We look for evidence of these qualities in a student's academic, extracurricular, professional and personal experiences.

Shortlisted candidates will be invited for an online Hult Scholar Grant interview.

Hult Scholar Grant essay

Students should explain how their specific experiences and accomplishments demonstrate the Hult DNA:

- Entrepreneurial mindset
- Leadership
- Growth mindset

Students should use specific examples and write in their own voice. Essays identified by Hult's review software as 100% AI-generated will be disqualified from consideration.

Letter of recommendation

Each applicant must submit one letter of recommendation from an adult who knows them well in an academic or professional context. This may be written by a school counselor, teacher, employer or professional manager.

Recommendations from family members or friends will not be accepted.

We encourage recommenders to provide specific examples of how the student demonstrates:

- Initiative and entrepreneurial thinking
- Leadership and contribution to their community
- Resilience, adaptability and growth
- Academic, personal or professional achievement
- The potential to thrive in Hult's global environment

CSS Profile

To assess financial need fairly and consistently, Hult uses the CSS Profile, an internationally recognized financial aid form administered by the College Board. It provides a standardized view of a

family's financial circumstances and is required for undergraduate students applying for need-based financial aid, unless they are eligible to submit the FAFSA instead.

How You Can Support Your Students

You can support students by helping them:

- Identify experiences that demonstrate Hult's entrepreneurial mindset, leadership and growth mindset.
- Choose specific examples of initiative, achievement, resilience and community contribution.
- Develop an authentic essay in their own voice.
- Complete the CSS Profile and gather the required financial documents.
- Submit all application materials by the deadline.
