

## ACT Global Ecosystem & Network

Selected memberships, certifications & industry affiliations (2025-26)

This document is provided for general information purposes only.

Last updated: February 10, 2026

### *Important notice*

This document provides a selected overview of ACT's memberships, certifications, and industry affiliations as of 2025. It is intended for informational purposes only.

Inclusion in this document does not imply endorsement, formal partnership, joint venture, agency relationship, or commercial agreement, unless expressly stated. ACT's level of involvement varies across organizations and may include membership, participation in industry initiatives, sales channel relationships, or individual governance roles.

This list is not exhaustive and may change over time as memberships, affiliations, and roles evolve.

Organization name	Type of engagement	Description of engagement	Notes / scope
-------------------	--------------------	---------------------------	---------------

<i>Leadership &amp; Governance</i>			
IETA – International Emissions Trading Association)	Member	ACT is a member of the International Emissions Trading Association (IETA), a global non-profit organisation that convenes businesses, governments, and civil society to support the development of international carbon markets and emissions trading frameworks.	Industry association membership
CAD Trust – Climate Action Data Trust	Individual Governance & Participation	ACT contributes to the development of transparent carbon market data infrastructure through engagement with the Climate Action Data Trust (CAD Trust), a global initiative founded	Participation via individual governance involvement

		by the World Bank, IETA, and the Government of Singapore.	
RTRS – Round Table on Responsible Soy Association	Member	ACT is a member of the Round Table on Responsible Soy Association (RTRS), a global multi-stakeholder organisation promoting responsible soy production, sourcing, and trade through certification and supply chain transparency.	Sustainable agriculture standards

<i>Carbon Markets &amp; Climate Standards</i>			
CDP – Gold Accredited Solutions Provider	Accreditation under review (2026)	ACT Group is currently finalising the contractual process for participation in CDP's 2026 Accredited Solutions Provider (ASP) Programme. Accreditation is subject to execution of the relevant agreement and completion of CDP's programme requirements.	2026 accreditation pending; not yet active
IETA – International Emissions Trading Association	Member	ACT Group is a member of IETA, a leading international non-profit organisation supporting collaboration on credible carbon market frameworks, emissions trading systems, and carbon pricing approaches.	Industry association membership
SCMA – Singapore Carbon Market Alliance	Member	ACT Group is a member of the Singapore Carbon Market Alliance (SCMA), a platform established by the	Industry collaboration platform

		Singapore Economic Development Board and IETA to promote high-integrity carbon credits aligned with Article 6 of the Paris Agreement and strengthen Singapore's role as a regional carbon services hub.	
CPLC Singapore – Carbon Pricing Leadership Coalition Singapore	Participant	ACT participates in activities associated with CPLC Singapore, the local arm of the global Carbon Pricing Leadership Coalition convened under the UN Global Compact Network Singapore, supporting dialogue, capability building, and policy engagement on carbon pricing.	Decarbonisation platform participation
EMA – Environmental Markets Association	Member	ACT is a member of the Environmental Markets Association (EMA), a trade association representing organisations active across environmental commodity markets, including carbon credits and renewable energy certificates.	Environmental markets industry association
Puro.earth	Sales Channel Partner	ACT is a sales channel partner of Puro.earth, a marketplace for verified carbon removal credits based on methodologies for durable carbon sequestration.	Commercial sales relationship

<i>Renewable Energy &amp; Circular Solutions</i>			
RECS Energy Certificate Association	Member	ACT is a member of the RECS Energy Certificate Association, which promotes renewable electricity markets through a standardised Energy Attribute Certificate system enabling transparent tracking of renewable electricity production and consumption.	Renewable electricity certification
ERGaR – European Renewable Gas Registry	Member	ACT is a member of ERGaR, the European Renewable Gas Registry, which connects national biomethane registries to enable cross-border trade and recognition of renewable gas certificates.	Biomethane certification infrastructure
EBA – European Biogas Association	Corporate Member	ACT is a corporate member of the European Biogas Association, which advocates for sustainable biogas and biomethane production and use across Europe.	Renewable gas advocacy
WBA – World Biogas Association	Member	ACT is a member of the World Biogas Association, which promotes anaerobic digestion and biogas industries as sustainable energy and waste management solutions globally.	Global biogas industry
ZETA – Zero Emissions Traders Alliance	Member	ACT is a member of the Zero Emissions Traders Alliance (ZETA), which brings together environmental	Market integrity initiative

		commodities market participants to advance transparency and integrity in carbon and renewable energy trading.	
ADBA – Anaerobic Digestion & Bioresources Association	Member	ACT is a member of the Anaerobic Digestion & Bioresources Association and is listed on its industry directory, supporting the UK anaerobic digestion and bioresources sector.	UK industry association
RLCF Alliance – Renewable & Low-Carbon Fuels Value Chain Alliance	Member	ACT is a member of the Renewable & Low-Carbon Fuels Value Chain Alliance, which promotes the production and uptake of renewable and low-carbon fuels across transport and industry in Europe.	Renewable and low-carbon fuels
REA (UK) – Renewable Energy Association	Member	ACT is a member of the Renewable Energy Association in the UK, representing companies across bioenergy, solar, and renewable fuels sectors.	UK renewable energy sector
RNG Coalition (US)	Member	ACT is a member of the RNG Coalition, representing organisations involved in the development of renewable natural gas markets in the United States.	US renewable gas market
Platform Groengas (Netherlands)	Member	ACT is a member of Platform Groengas, a Dutch industry platform promoting the use and	National industry platform

		trade of green gas and biomethane.	
I-REC(E) – International Renewable Energy Certificate Standard	Participant	ACT is an I-REC(E) participant, engaging in the global standard for tracking and verifying renewable electricity generation and consumption in unregulated markets.	Renewable electricity tracking standard
APSTE – Association for Production, Storage & Trading of Electricity	Member	ACT is a member of APSTE, which promotes renewable electricity production, storage, and trading within Bulgaria’s liberalised energy market.	National electricity market
RTFA – UK Renewable Transport Fuels Association	Member	ACT is a member of the Renewable Transport Fuels Association in the UK, representing the renewable transport fuels sector and supporting low-carbon mobility solutions.	Renewable transport fuels
AEDIVE – Asociacion Empresarial para el Desarrollo e Impulso del Vehiculo Electrico	Partner	ACT is a partner of AEDIVE, Spain’s electric mobility association promoting the development of electric vehicles and charging infrastructure.	Electric mobility ecosystem

<i>Sustainability, Industry &amp; Trade Alliances</i>			
SSFA – Singapore Sustainable Finance Association	Member	ACT is a member of the Coalition for Private Investment in Conservation (CPIC), which works to mobilize private finance for conservation initiatives and	Conservation finance and investment

		sustainable natural capital projects.	
RTRS – Round Table on Responsible Soy Association	General Member (Knowledge Partner)	ACT is a general member and knowledge partner of the Singapore Sustainable Finance Association, which convenes financial institutions and sustainability practitioners to advance sustainable finance and green finance innovation in Singapore.	Sustainable finance ecosystem
CREF Korea – Corporate Renewable Energy Foundation	Member	ACT is a member of the Round Table on Responsible Soy Association (RTRS), a global multi-stakeholder organisation promoting responsible soy production, processing, and trade through certification and supply chain transparency initiatives.	Sustainable agricultural commodities
BonSucro – Sustainable Sugarcane Platform	Member	ACT is a member of the Corporate Renewable Energy Foundation in Korea, which supports Korean corporates in adopting renewable energy through advocacy, education, and collaborative initiatives.	Corporate renewable energy adoption
RSPO – Roundtable on Sustainable Palm Oil	Member	ACT is a member of BonSucro, a global platform promoting sustainable sugarcane production and trade through certification	Sustainable sugarcane supply chains

		standards and supply chain transparency.	
SSA – Singapore Shipping Association	Member	ACT is a member of the Roundtable on Sustainable Palm Oil (RSPO), which develops and implements global standards for sustainable palm oil production, processing, and trade.	Sustainable palm oil standards
EuroCham Singapore	Member	ACT is a member of the Singapore Shipping Association, which represents maritime stakeholders in Singapore and supports dialogue on sustainability, innovation, and industry development.	Maritime industry association
DutchCham – Dutch Chamber of Commerce Singapore	Member	ACT is a member of EuroCham Singapore, the European Chamber of Commerce, which promotes collaboration and dialogue among European businesses operating in Singapore.	Business chamber
ECCK – European Chamber of Commerce Korea	Corporate Member	ACT is a corporate member of the Dutch Chamber of Commerce Singapore, supporting trade, innovation, and business collaboration between the Netherlands and Singapore.	Bilateral trade chamber
AustCham - Australian Chamber of Commerce Singapore	Member	ACT is a member of the European Chamber of Commerce Korea, representing European companies and promoting a fair, sustainable, and	Business chamber

		transparent business environment in Korea.	
EWABA – European Waste-based & Advanced Biofuels Association	Corporate Member	ACT is a corporate member of the Australian Chamber of Commerce Singapore, supporting Australian-linked enterprises operating in Singapore.	Business chamber
NIOP – National Institute of Oilseed Products	Member	ACT is a member of the European Waste-based & Advanced Biofuels Association, representing producers and traders of waste-based and advanced biofuels across Europe.	Advanced and waste-based biofuels
ATEE – Association Technique Énergie Environnement	Member	ACT is a member of the National Institute of Oilseed Products, which represents companies active in the oilseed processing and renewable fuels sectors.	Oilseeds and renewable fuels
ALFED – Aluminium Federation	Member	ACT is a member of ATEE, a French association promoting energy efficiency, renewable energy technologies, and sustainable energy systems.	Energy efficiency and renewables
CPLC – Carbon Pricing Leadership Coalition	Member	ACT is a member of the Aluminium Federation (ALFED), representing the UK aluminium industry with a focus on sustainability, innovation, and circular economy practices.	Metals and materials sector
Shanghai Pudong Green & Low Carbon Industry Development Alliance	Partner	ACT is a partner of the Carbon Pricing Leadership Coalition, which brings together governments,	Policy advocacy platform

		businesses, and civil society organisations to advocate for effective carbon pricing policies worldwide.	
IBIA – International Bunker Industry Association	Member	ACT is a member of the Shanghai Pudong Green & Low Carbon Industry Development Alliance, which promotes cooperation and knowledge exchange among low-carbon enterprises in Shanghai’s Pudong region.	Regional low-carbon industry alliance
Global Compact Network Singapore’s COOL Solutions Ecosystem	Member	ACT is a member of the International Bunker Industry Association, representing stakeholders across the global marine fuel value chain and supporting cleaner and more sustainable bunkering practices.	Marine fuels industry
CPIC – Coalition for Private Investment in Conservation	Partner	ACT is a partner of the Global Compact Network Singapore’s COOL Solutions Ecosystem, which fosters collaboration on decarbonisation and cooling efficiency initiatives.	Sustainability collaboration platform
