

Vision and Mission Statement

Our vision

- Everyone wants to work with HRS!

Our Mission

Success

- We set demanding goals and take calculable risks.
- On the basis of mutual trust, we search out and cultivate contact with business partners, authorities and other important stakeholders.
- The autonomy and independence of our business must be maintained at all times.

Customers

- We create a professional and honourable basis for cooperation in a transparent and fair manner.
- Our competence is a guarantee for their success.
- Our competence, efficiency and innovativeness creates customer networks and sets us apart from our competitors.

Processes

- We constantly improve our services and processes and endeavour to fulfil the demands placed on us by all stakeholders.
- We comply with all regulatory requirements laid down by law, standards and any other applicable rules.
- We expand our competence through our network.

Environment

- We collectively recognise the uniqueness of the ecological system and use its resources sustainably and responsibly.
- We plan, build and conduct ourselves in an environmentally friendly manner, taking account of the needs of future generations.
- We favour regional partners, suppliers and subcontractors that act according to clear ecological and sustainability criteria.

Health and safety at work

- We provide secure and healthy working conditions.
- We avoid dangers and limit any health and safety risks.
- We involve employees in all health and safety issues.

Health and safety at work

- We work best as a team.
- The performance and commitment of our employees constitute the basis for the success of our business.
- We foster the competence and responsibility of our employees.
