

Sizing guide

MPS-Protective Pet Boot

How to find the right size

Place your dog's paw gently and fully inside the printed circle on the size guide. Make sure the paw fits within the lines, including the toes and nails. This helps you choose the correct size for optimal protection and comfort.

Size: XS

Sole circumference: 17 cm / 6.7 in

Size: S

Sole circumference: 21 cm / 8.3 in

Size: M / M short*

Sole circumference: 23 cm / 9.1 in

*Size M is available in short and regular. To ensure the best fit, please measure the length of your dog's leg before choosing between the two options.

Sizing guide
