

ARCHITECTURE BY DESSERT

OSCAR BUSON

16.04.

1 pm - 1.20 pm

Atelier, Universität Liechtenstein

Oscar Buson, architect and lecturer in practice at the Liechtenstein School of Architecture in the Urban Design & Spatial Development Unit, is participating with his office Raum404 in a major European architecture project: Quartiers de demain. The competition, initiated by French President Macron, aims to explore new approaches to urban development.

In his «Architecture by Dessert», he presents the project in a relaxed atmosphere. As always, there will be homemade cake by Kirsten Steinhofer. Join us!

The lecture will be held in English.
