"THEY HAVE SHOWN BOTH FLEXIBILITY AND SOLUTION ORIENTATION"..."WE LOOK FORWARD TO CONTINUING OUR PARTNERSHIP IN THE FUTURE."

REFERENCE CASE: TROLLE & TROLLA FOR KLÄPPEN SKI RESORT

In the fall of 2023 Kläppen ski resort reached out to us asking us to help them create cuddly toys of their mascots Trolle and Trolla. We are incredibly proud and happy with how these fun products turned out. Please have a look at the products in the picture above.
The following is a few words about our collaboration from Sara Bilare at Kläppen:

"We have had a very rewarding collaboration with Den Goda Fen in our joint project with Trolle and Trolla. Their ability to understand our wishes and realize them in the form of the stuffed animals that we are now so happy with, has been impressive. They have shown both flexibility and solution orientation, especially given our demanding and tight deadline.

Their quick feedback and clear, friendly communication have made us always feel well taken care of and secure in the collaboration. We look forward to continuing our partnership in the future."

OUR VISION

Our vision is to let children be exactly what they want to be. Therefore, in our fairytale world, nothing is impossible. In the land of fairytales, you can be a superhero one day and then turn into a unicorn the next. If you want, you can be both a dinosaur and a policeman at the same time. Nothing strange about that! And that's where that magic begins to happen, in being believed in and encouraged when imagination is allowed to run free and fantasies to flourish.

Our idea is to make reality a bit more imaginative and creative through soft and comfortable masquerade clothes and accessories that are both timeless and durable.

OUR CORE VALUES

IMAGINATION A world where children gets to be whatever they want - wether it's an astronaut or a unicorn.
DURABILITY To create and provide comfortable dress up-costumes that can be worn and torn throughout play, for generations of fun.
COMFORTABILITY To create masquerade clothes so comfortable that they can be worn at all times, from kindergarten to bed.

OUR CSR WORK

We want to contribute to a better world - and more specifically a better world for our children. We wish for all children to be free - free to be creative, free to live out their fantasies and of course also to feel safe enough to do so. Part of how we do this is by supporting organisations. Please read more about this by scanning the QR-code to the right.

INFORMATION

Den Goda Fen products are made of 100% magic and imagination. The collection is built around the concept of the land of fairy tales, and made to make dreams come true - no matter if it is to ride a unicorn or be a princess.

PRODUCTION

Den Goda Fen designs are made in Sweden and mainly produced in China. We have been collaborating with the same factories for many years, which have contributed to the good quality that we are proud to offer.

SAFETY

We put great emphasis that the products lives up to the standard and regulation concerning the safety of toys, this according to the EU's Toy Directive (2009/48 / EC) and standard EN 71-1-2-3.

ABOUT DEN GODA FEN

Den Goda Fen was founded by Helena Vis in 1997. Since 2014 the brand is owned by Robetoy. Den Goda Fen is a brand creating imaginative and playful children costumes, for kids between 1 and 10 years old. The line holds both Halloween favourites such as witches and skeletons, work play-outfits like polices and astronauts and a wide range of animal capes and costumes. The brand is built around a concept of creating the ”land of fairytales”, where children can become whatever they wish for, a place where playing and creating is always the main priority. As a customer of Robetoy, you can shop all of Den Goda Fens line in our webshop, and also get access to pictures on our mediabank.
