12 Car Rally – A guide to the new format

- Any standard car can be used. Event limited to only 12 cars. Around a 45 mile route, timed at an average speed of 30mph. Friday evening, starting at 20:30, with the start/finish at the same location at a pub, for a social before and after the event.
- Novice class now split into **Semi-Expert** and **Novice** classes. **Expert/Semi-Expert/Novice** class based on navigators experience only. Expert/Semi-Expert class have to work out the route from navigation issued at controls around the route. Novice class will have the route issued before the start, so they can plot the navigation before leaving the start (and get help if required). Semi-Expert/Novice class have a more straight forward navigation style.
- Beginners class now called **RallyRun**, for anyone to use marked maps for as long as they like, which allows people to just enjoy doing the event. You can do all the same things as the other classes, but don't have to work out the route.
- Penalties are incurred for missing loops and booking in early/late at time controls. Time recording and route checks are done using a Smart Phone and the Timing App, which give notice when approaching a control/check, so you know you are on the right route.
