Porsche Poster Set – 75 Years Porsche Sports Cars Collection – Driven by Dreams

Life is colourful. Porsche always has been, too. Whether in standard paintwork or as a special request, sports cars from Zuffenhausen bring colour to life – now more than ever, because the colours that defined decades past are available once again with the Paint to Sample program. From Ferry Porsche's favourite colour, Irish Green, to iconic 90s colours like Mint Green and Rubystar, to Lava Orange, the feisty colour of the GT3 RS from the 991 generation. The current models are bringing the past 75 years back to life, which is why this strictly limited and numbered series of posters is being released for company's anniversary, in cooperation with the creative people at ramp. Printed in high quality with an exclusive finish, this colour theory brings typical Porsche dynamics into every home.

Heritage 2.0 Collection

Allow us to introduce the new Heritage Collection from Porsche Lifestyle, which brings the 60s back not only to everyday life, but also to the hearts of fans and Porsche enthusiasts. The modern retro collection proves that while trends come and go, true style lasts forever.

The legendary Pepita pattern – which often appeared in the 60s as a classic pattern on women's suits – not only found its way into the interior of the new 992 Sport Classic, it can now also be found once again in selected parts of this collection.

Racing Collection

A victory march. In a straight line. The legendary Porsche 956 took all the titles in the FIA World Sportscar Championship from 1982 to 1984 in both the driver and manufacturer categories. The first pilot behind the wheel was Jürgen Barth, who put the legendary racing car to the test in March 1982 on our own track in Weissach. After promising drives on home ground, he was off to France later that year, where he competed in the 24-hour race in Le Mans, taking third place. That's not all: first and second place also went to Porsche and the 956.

In short, it was the beginning of a great success story that the Racing Collection continues with its choice of colours and design based on the iconic winner. Bringing this flair and dynamism to everyday life with sporty, casual outfits.

Features that have captivated design lovers and sports car enthusiasts alike for 70 years. In every scale. The model vehicles from Porsche Lifestyle contain just as much attention to detail as every Porsche, whether they're meant for the race track, the road or the desk. The miniatures are the same as their larger counterparts, right down to the wheel rims, and capture the charm of the sports car 1:1 – in the scales 1:43, 1:18 or 1:12.
