Proactive protection.

Premier Tire & Wheel Protection

Tires and wheels are the only parts of your Porsche vehicle that touch the road. Unfortunately, they also come into contact with road hazards such as glass, nails, potholes, and debris. We offer a way to protect them from these hazards. Keep your tires and wheels in top shape with Premier Tire & Wheel Protection so you can stay on the road.

Premier Tire & Wheel Protection coverage includes:

- Replacement of a tire if structurally damaged to the extent it fails to hold air due to a covered road hazard, including glass, potholes, debris, or nails (includes tires with run-flat technology); tires are never plugged or patched.
- Replacement of a wheel if road hazard damage prevents the wheel from sealing to the tire or maintaining the tire manufacturer's air pressure specifications.
- Replacement using OEM or OEM-approved tires and parts during the product agreement term, if they meet the manufacturer's size specifications.

- Coverage of approved costs associated with the replacement of the tires and/or wheels if structurally damaged, including labor charges, mounting, balancing, valve stems, and tire disposal.
- Towing expenses reimbursed up to \$250 per occurrence in the event of covered road hazard damage.
- Replaced parts will be covered for the remainder of the product agreement term if they meet the manufacturer's size specifications.
- Transferable for a fee if you sell your vehicle to a private party or if another party assumes the lease agreement.¹
- Cancelable at any time; after 30 days, subject to a fee.²

Cosmetic Repair includes:

- Repairs of cosmetic wheel damage such as nicks and scrapes.
- Repairs are limited to sanding, painting, or refinishing the wheel without the need to apply additional material or bend/straighten the wheel.³
- Cosmetic wheel repairs are limited to a total of eight (8) individual wheel repairs during the product agreement term.

Additional benefits:

- No limit to the number of structural damage claims.
- No mileage limitations.
- No deductible.

³ The size, paint color, and finish of a wheel can impact the effectiveness of cosmetic wheel repair techniques. Reasonable efforts will be made to cosmetically repair the wheel and to match the original wheel paint and finish. Replacement of a wheel will not be authorized solely because cosmetic damage is deemed not repairable due to the size of the wheel, or because the paint and finish do not match the original paint and finish.

⁴ Additional exclusions may apply. Please see your product agreement for specific coverage details, including limitations and a complete list of exclusions.
