Article 16 - Miscellaneous

16.1 Except as specifically provided herein, the exercise of any remedy in these GTC shall not be a waiver of any other remedy provided by law. Except as otherwise expressly set forth in these GTC, no remedy conferred by any of the specific provisions of these GTC is intended to be exclusive of any other remedy, and every remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. The election of any one or more remedies shall not, except as otherwise expressly provided herein, constitute a waiver of the right to pursue other available remedies.

16.2 If any provision in the Agreement and/or these GTC is found to be invalid or unenforceable in any respect in any jurisdiction the validity or enforceability of such provision shall not in any way be affected in respect of any other jurisdiction and the validity and enforceability of the remaining provisions shall not be affected, unless the Agreement and/or these GTC reasonably fail in its essential purpose and the Parties shall substitute such provision by a valid and enforceable provision approximating to the greatest extent possible the essential purpose of the invalid or unenforceable provision.

16.3 No penalties or liquidated damages shall apply pursuant to the inexecution of Skytree's obligations under the Agreement, unless accepted in writing by Skytree's authorized representative.

16.4 All sections and all other obligations which may be performed after the cancellation, expiration or termination of the Agreement shall survive expiration or termination thereof.

16.5 Either Party's failure to enforce any provisions hereof shall not be construed as a waiver of that Party's right thereafter to enforce each and every such provision.

Article 17 - Applicable law and dispute resolution

17.1 These GTC are exclusively governed by the laws of The Netherlands, with the exclusion of the Vienna Sales Convention.

17.2 Any dispute or claim arising from or in connection with it or its subject matter (including any question regarding its existence, validity, or termination) shall be submitted to the competent courts of Amsterdam, the Netherlands, always provided that, in case Skytree is the plaintiff, Skytree may at its sole discretion submit any such dispute to the competent courts in the venue of Customer's registered office.

II. ADDITIONAL PROVISIONS CONCERNING THE SALE, ASSEMBLY, COMMISSIONING AND INSTALLATION OF DAC GOODS

Article 18 - Offer, Order (confirmation), Agreement

18.1 Each Offer of Skytree shall contain the Product Specifications, the applicability of any Services, Assembly, Commissioning, transportation, and, if applicable, final approved drawings, quantity, Delivery date and any other details essential for the proper execution of the Agreement. If Customer agrees to the terms of the Offer, Customer shall confirm the Offer by returning a signed copy of the Offer to Skytree or by issuing a separate Purchase Order which is in line with the provisions of the Offer, in its own format. A Purchase Order deviating from Skytree's Offer may be declined by Skytree.

18.2 When a Purchase Order is placed by Customer without a prior Offer and Skytree subsequently sells, Delivers and/or Installs DAC Goods, this is a confirmation of the Purchase Order and constitutes an Agreement to which these GTC apply.

Article 19 - Changes

19.1 If on the instructions of, or in agreement with Customer, any change is made in the Delivery and/or Installation that is not included in the Agreement, the extra costs thereby incurred shall be charged by Skytree to Customer as additional work at the then applicable hourly rates and System Parts. Skytree is not obliged to honor a change request and may require that a separate Agreement will be concluded for this purpose.

19.2 Skytree reserves the right to make changes in design of or add any improvement to DAC Units at any time, without incurring any obligations to previously Delivered and/or Assembled and/or Commissioned and/or Installed DAC Goods to Customer, in the same manner.

19.3 Skytree may, at its expense, make such changes in the DAC Units as it deems necessary, in its sole discretion, to conform the Skytree units to the applicable Product Specifications. If Customer objects to any such changes, Skytree shall be relieved of its obligation to conform to the applicable Product Specifications to the extent that conformance may be affected by such objection.

Article 20 - Dimensions, weights, illustrations, and data

20.1 The measurements, weights, dimensions, capacities, technical data, and images set out in the brochures, product documentation, websites and other advertising material are approximate only. These data shall not be binding except to the extent they are expressly guaranteed in the Product Specifications.

20.2 Customer shall ensure that all data, which Skytree indicates are necessary for the sale, Delivery and/or Installation, which

Customer should reasonably understand are necessary for this purpose, have been provided to Skytree correctly and in a timely manner. If the information required for the performance of the Agreement has not been provided to Skytree correctly or in a timely manner, Skytree shall have the right to suspend the performance of the Agreement and/or charge the costs arising from the delay to Customer at Skytree's usual rates.

Article 21 - Delivery, Installation, and packaging

21.1 If a Delivery Date for the Delivery and/or the Assembly and/or the Commissioning and/or the Installation is given or agreed upon this is always indicative. However, Skytree shall make all reasonable efforts to Deliver and/or Assemble and/or Commission and/or Install the DAC Units starting on the date of Delivery or within the delivery period respectively. If Skytree expects that an agreed Delivery Date shall be exceeded, it shall immediately inform Customer thereof in writing. Under no circumstances Skytree will pay any penalties or damages for late Delivery.

21.2 Failure to Deliver and/or and/or Assemble and/or Commission and/or Install the DAC Units starting on the agreed Delivery Date or within a delivery period does not entitle the Customer to fail to comply with or suspend its obligations under the Agreement.

21.3 Unless agreed otherwise in writing, Skytree is entitled to Deliver and/or Assemble and/or Commission and/or Install the DAC Goods in partial deliveries and is entitled to invoice separately for partial deliveries. Delay in any partial delivery shall not release Customer from its obligation to accept the remaining Delivery and/or Assembly and/or Commissioning and/or Installation.

21.4 All DAC Units will be delivered, wherever reasonably possible, in standard reusable packaging and at standard pack levels. Any special packaging, labeling or special marking of the DAC Units may be, after mutual agreement, subject to additional charges.

21.5 Unless expressly stated in the Agreement, Skytree will deliver the DAC Goods "*CIP*" (*Carriage and Insurance Paid to*) to the Installation Site in accordance with the most recent version of the Incoterms (*International Chamber of Commerce*) on the Delivery Date. Upon delivery, the risk of loss and damage to the DAC Goods passes from Skytree to the Customer.

21.6 Skytree is insured against damage and/or loss of the DAC Goods during transport from Skytree's production location to the Installation Site.

Article 22 - Title

22.1 Title to the DAC Goods shall transfer from Skytree to Customer upon Skytree's receipt of all installments of the Agreement Price. In addition, Skytree will remain the owner of the DAC Goods for as long as Customer has not paid any claims

arising from non-payment of the Agreement Price, such as damages, penalties, interest, and costs.

22.2 As long as the ownership of the DAC Goods has not been transferred to Customer, Customer may not pledge the DAC Goods, transfer ownership as security or grant any other right to third parties in relation to the DAC Units. Customer shall, at its own expense, insure the DAC Goods delivered under retention of title and keep it insured against all types of damage, such as, but not limited to, damage caused by fire, explosion and water, as well as against theft, with a financially reliable insurance company. At Skytree's request, Customer will provide the relevant insurance policy for inspection as well as proof of payment of the insurance premiums.

22.3 As long as the ownership of the DAC Goods belongs to Skytree and if Customer has been declared bankrupt, has been granted a suspension of payments, has been declared subject to the debt rescheduling of natural persons in respect, or if any attachment of its assets has been levied, Customer undertakes to immediately notify Skytree of this and, furthermore, to inform the liquidator that the DAC Goods are the property of Skytree.

22.4 If, due to refusal, negligence, or a cause within Customer's sphere of risk, it proves impossible to perform any of the obligations under the Agreement, Skytree shall be entitled to store the DAC Goods purchased for the performance of the Agreement at Customer's expense and risk. If, after having been warned to do so, Customer fails to fulfill its obligations, it shall be in default with immediate effect. Skytree will then be entitled to dissolve the Agreement in whole or in part with immediate effect by means of a written statement, without Skytree being under any obligation to pay compensation for damages, costs, and interest.

Article 23 - Delivery and risk of the DAC Goods

23.1 Unless otherwise explicitly agreed upon in the Agreement, Skytree shall deliver the DAC Goods "*CIP*" (*Carriage and Insurance Paid to*) to the Installation Site, according to the latest version of Incoterms (*International Chamber of Commerce*) on the Delivery Date. Upon such delivery the risk of loss and damage to the DAC Goods shall transfer from Skytree to Customer.

23.2 Skytree shall provide or maintain adequate insurance with regard to the DAC Goods against damage and/or loss, during transport from Skytree's Production Site to the Installation Site.

Article 24 - Additional costs for the DAC Units

24.1 Unless otherwise explicitly agreed upon in the Agreement, the costs of transportation, Assembly and/or Commissioning and/or Installation and/or Services are not included in the prices of the DAC Goods and shall be set out and agreed upon separately in the Agreement and added to the Agreement Price.

Article 25 - Installation and SAT of the DAC Units

25.1 If the Installation and SAT of the DAC Units is to be performed by Skytree, Skytree shall perform the Installation and SAT of the DAC Units in accordance with the framework as set out in this Article 25.

25.2 In the event that there are special and/or other acceptance conditions required by Customer, Customer shall inform Skytree hereof timely, and the Parties agree to engage related discussions to find and agree on the most appropriate conditions to be applied for the respective SAT.

25.3 If the DAC Unit succeeds in passing the SAT, a SAT certificate in the format provided by Skytree, will be signed by the Parties.

25.4 In the event that the DAC Unit fails to pass the SAT, Customer shall immediately, based on the written test report, confirm in writing to Skytree the alleged defects. In such case Skytree shall remedy the reported defects within a reasonable period, which is to be determined at Skytree's sole discretion, but which shall not exceed (30) thirty days from the written notification by Customer.

25.5. If the SAT, for reasons not attributable to Skytree, is not carried out within (4) four weeks after the Delivery Date, the SAT is considered as performed successfully.

25.6 Customer may only use the DAC Units for their intended use upon execution of the SAT certificate and full payment of the Agreement Price. Any use of the DAC Units prior to the execution of the SAT certificate shall constitute acceptance of the DAC Unit by Customer in the actual state the DAC Unit is at the time of commencement of such use. Skytree shall be entitled to prevent the use of the DAC Unit until receipt of full payment by Skytree of all payment installments which are due under the terms of the respective Agreement.

25.7 Unless expressly agreed otherwise, the costs of Installation and Services are not included in the price of the DAC Units and will be separately stated and agreed upon in the Agreement and added to the Price stated in the Agreement.

39.2 The SLA Price excludes: energy consumption, Assembly, Commissioning, Installation, Excluded Services and any costs associated with meeting Installation Site Specifications. Sorbent is only included in the SLA Price if this is explicitly included in writing in the agreement.

39.3 Skytree is entitled to change the SLA Price annually, after the Initial Term as defined in the Agreement, with annual indexation at the anniversary date of any term, following the consumer price index figures as published by the Dutch CBS institute (CPI 2015 = 100).

39.4 Any work outside the defined Services as specified in the Services Descriptions and as applicable for the Customer as specified in the Agreement, standard Skytree Services Fees will be charged at applicable daily rates of Skytree's price list rate card, as published from time to time. All additional costs, such as but not limited to, travel or expenses will be charged at actual cost level.

Article 40 - Billing and payment

40.1 Skytree will invoice the periodic SLA Price 30 days in advance. This means that the invoice will determine the costs for the upcoming period.

40.2 Customer must pay the SLA Price in full and on time, even if it is (temporarily) unable to use the DAC Goods for whatever reason. Skytree is not liable for damage or costs incurred as a result of or related to this (temporary) unavailability or unusability of or damage or defects to the DAC Goods. This exclusion does not affect any obligation of Skytree in connection with regards to the Services.

Article 41 - Maintenance and repair

41.1 Skytree provides the following Services to the Customer if “Uptime Assurance” is explicitly applicable in the Agreement: uptime assurance on the following components indicators for proper functionality of mechanical components inside the DAC Units, being fans, actuators, valves, pumps and compressors and other mechanical components; proper functionality of all electrical components and wiring within the DAC Units as provided by Skytree; Monitoring and Alerting service; availability of the Skytree Help Desk; Services. Only if explicitly stated in the Agreement will Uptime Assurance also include the replacement of Sorbent, but solely for the purpose of meeting the DAC Unit Capacity.

41.2 Excluded from Services applicable under Uptime Assurance are hardware field upgrades to enable the latest version of Sorbent, deviating from the version as specified in the Agreement.

41.3 The Service levels of Skytree’s Services are as follows:

41.3.1 Monitoring and Alerting connected devices will be monitored in real-time on (at least) the parameters as defined in the Services Descriptions. Any indication of a Critical, Urgent, or Important service request will automatically trigger an alert to the Skytree Helpdesk to undertake immediate response. Any alert will automatically trigger a Service Ticket.

41.3.2 All response times and on-site service commitments described in the Services Description are subject to the condition that Skytree’s Personnel and/or Subcontractors are granted timely, unhindered access to the Installation Site and that the site complies with applicable safety, hygiene, and access requirements. In the event that access is delayed, denied, or unsafe, the corresponding response and resolution timelines shall be reasonably extended without penalty to Skytree.

41.3.3 Based on the lifetime of components and filters, Skytree will issue a Preventive Maintenance Schedule at least one (1) month in advance, to take place during business days and working hours in the time zone of the Customer. Skytree will deliver a Service Report to the Customer after completion.

Article 42 - Term and Termination

42.1 The Agreement is entered into for the fixed duration stated in the Agreement. The Initial Period commences on the date of Commissioning. The provisions of these SLA terms and these GTC remain applicable to these DAC Goods until the Customer has fulfilled all its obligations under this Agreement.

42.2 Automatic renewal of the SLA takes place after the expiration of the Initial Term each 12 months, unless notice of termination is received by Skytree 60 days prior to any term anniversary. The SLA Period ends after 7 years, after which Parties may negotiate an extension of the Agreement.

42.3 This SLA Period automatically ends if one of the following situations occurs: (i) the SLA Period has expired; (ii) the DAC Goods are considered a total loss, meaning that the DAC Goods are damaged to the extent that it cannot reasonably be repaired or that it is not economically justified; or (iii) DAC Goods have been stolen and are not recovered (without damage not considered normal wear and tear) within 30 days from the date of discovery of the theft.

42.4 It may happen that Skytree comes to the conclusion that the costs of Services of the DAC Goods are excessive, without any fault of the Customers or Skytree doing so. In that case, Skytree may decide to terminate the current SLA Agreement and enter into a new SLA Agreement for another DAC Goods, without this leading to excessive additional costs for either Party.

42.5 Skytree has the right to terminate this agreement with immediate effect and without notice of default if one of the following situations occur: (i) the Customer is in breach of this Agreement, these SLA terms or these GTC, including failure to provide timely payment, and has not remedied this breach within 30 days of a notification of this breach from Skytree; or (ii) in case of an event as set forth in Article 6 of the GTC.
