New and proven: Selected product highlights and new editions from our extensive range of more than 80,000 genuine parts for classic Porsche sports cars. Our Porsche Classic Partners and Porsche Centers will be happy to advise you.

For fuel consumption, CO₂ emissions, and efficiency class, please refer to page 103.

For the ultimate sports car experience, the 911 Spirit 70 is best driven with the top down so you can experience the zest for life of the 1970s up close. The color Olive Neo was developed specifically for this special model. The model features a unique touch with safety stripes added to the front hood, which at the time were designed to make small sports cars more visible on racetracks and highways.

Classic Performance Prototipo steering wheel

Part no. PCG901347AA

For racing use only. Not approved for road use.

911 F model (1965–1973)

The classic three-spoke sport steering wheel with a horn button made of genuine leather, embossed with a historic Porsche crest.

The name of the "Prototipo" sport steering wheel is derived from its use in Porsche prototype race cars, where it was first used in the late 1960s. The limited space in the cockpit of these race cars made a steering wheel with a small diameter necessary.

Black leather and "PORSCHE" lettering with a White background underscore the iconic design. The Prototipo lettering is also rendered in White, a nod to the prototype race cars from Zuffenhausen that are usually painted White. The subtle Black stitching elegantly rounds off the design.

Please only use genuine Porsche spare parts for your vehicle. You can obtain these parts from authorized Porsche Centers. Your Porsche Partner is familiar with the verified range of parts and will be happy to advise you. Porsche will not accept any liability for damage caused by the use of spare parts or accessories not authorized by Porsche.

The safety of the vehicle may be affected, even if a supplier of accessories or parts has obtained a general operating license. The huge variety of products available on the accessories market means that Porsche is not able to verify such parts. Please note that the guarantee for your vehicle may also be affected if you use parts that are not authorized by Porsche. Porsche reserves the right to alter the design, equipment and scope of delivery without prior notice. Color tones and materials may differ from those illustrated. Errors excepted.

Due to country-specific legislation and requirements, product contents may differ from those described and individual items may not be available for all models in certain countries.
