*APPLIES TO TARGA & CABRIOLET MODELS ONLY

Every Porsche body gets about 30 pounds of protection. And a 7-year Anti-Corrosion Limited Warranty to back it up.*

There are two ways to see the protection we put into every new Porsche body.

First, you see it by looking into the deep gleaming paint of your Porsche, and by feeling the smooth finish. In fact, Porsche inspectors do feel the finish by hand, wearing special gloves which detect even the slightest flaw or snag.

Second, you see it in writing, in our Anti-Corrosion Limited Warranty which assures that your new Porsche body will remain free of rust perforation for seven years. This limited warranty is made possible by a preparation procedure that is unmatched in the industry.

To begin with, the sheet metal for the entire body shell receives a hot-dip galvanized zinc coating on both sides. This gives reliable corrosion protection inside and out.

Next, we dip the whole body into a bath of zinc phosphate that neutralizes the surface and provides added anti-rust protection. Then comes a negatively charged primer coat, followed by immersion into a tank of water-soluble paint, positively charged. Zap, the paint and the primer are irresistibly drawn to each other, and a strong bond is formed. Equally important, the paint coating is 3½ times thicker than with conventional dipping.

After washing, sanding, re-washing, re-priming and drying, it's time for that all important final coat. We hand spray with fine enamel, and then bake it at 280° F to achieve a hard, durable finish that will stand up under the varying conditions found in the many countries where Porsches are operated.

As a final step, we give your Porsche a full factory undercoating, completing the 30 pounds of protection that will safeguard it against the elements.

A long time from now, when your not-so-new Porsche still has the gleam of a new Porsche, we think you'll agree, it was worth the effort.

*In order to keep this limited warranty in effect, the owner must have the vehicle maintained and serviced as prescribed in the Porsche Warranty and Maintenance Brochure.

PORSCHE AUDI IS NOT RESPONSIBLE FOR RUST PERFORATION RESULTING FROM:

- (A) DAMAGE CAUSED BY ACCIDENT, MISUSE, NEGLIGENCE, ALTERATION OR FIRE.
- (B) IMPROPER REPAIR OF THE VEHICLE, OR
- (C) FAILURE TO FOLLOW RECOMMENDED MAINTENANCE REQUIREMENTS.

Specifications, standard equipment and options subject to change without notice.
