Parts

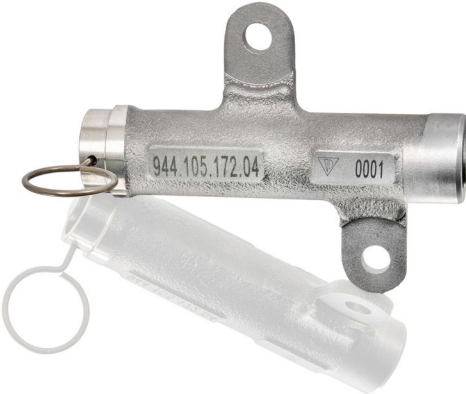

New and proven: Selected product highlights and new editions from our extensive range of more than 80,000 Porsche Classic Genuine Parts. Our Porsche Classic Partners and Porsche dealers will be happy to advise you.

But don't be fooled: Louise Piëch's 911 Turbo may have the "Carrera" logo on the engine cover, but inside there is a turbocharger that increases the boost pressure. Even though the original "turbo" logo is available from the Porsche Classic spare parts program, it is not used on this vehicle.

Accessories/miscellaneous

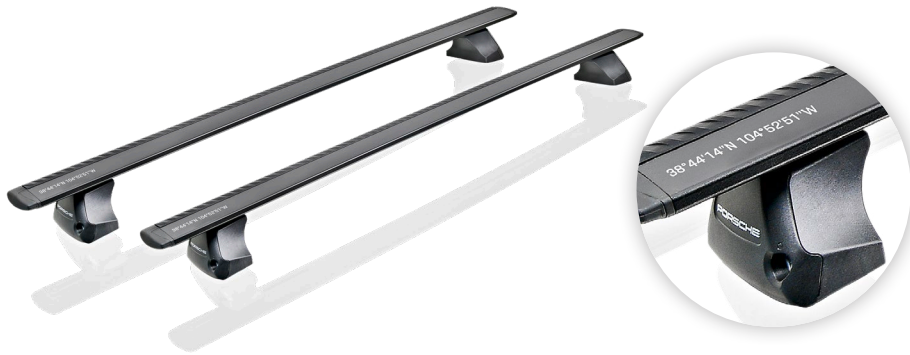

Off-road lifestyle: Turn the Cayenne E1 into a true adventure machine with the new roof transport system base support. The roof transport system, which was designed for vehicles with guide rails, enables a roof box, roof tent or other roof structures to be installed easily. Included in the scope of delivery are roof racks with corresponding bases, a mounting kit and a matching transport bag. It can be recognized as a genuine Porsche accessory with the Porsche logo on the feet and the geo coordinates 38°44'14"N 104°52'51"W on the cross beams – a reference to the E1 development project, internally named "Colorado". The roof rack has a total dynamic payload of 75 kilograms, making it ideal for tackling demanding off-road tours.

These Porsche Classic assembly gloves are inspired by the famous Dress Mackenzie tartan seat pattern from the 911 Turbo, which was given to Ferry Porsche to mark his 67th birthday. The grippy palm is decorated with an exploded view of parts of the Turbo-specific exhaust system, with a color-contrasting turbocharger. The silhouette of the 911 Turbo with its characteristic rear wing adorns the back of the hand and features an embedded magnet. This practical magnet not only holds small fasteners such as screws and nuts, but also makes the gloves easy to attach to your toolbox.

Sturdy size 11 assembly gloves (one pair) in a design characteristic of Porsche Classic, for use in the workshop or in the event of a breakdown. In particular, the parts of the gloves frequently put under significant strain have been heavily reinforced to ensure a good grip. The PORSCHE logo superimposed on the back of the hand in durable Black rubber is reminiscent of seat fabric designs in classic cars. The hook-and-loop fastener also bears the PORSCHE logo. A magnet for fitting screws or other small magnetic parts is integrated into the back edge of the hand. The Porsche Classic assembly gloves are also available in sizes 8, 9 and 10.

Certified as personal protective equipment (PPE) against mechanical risks in accordance with DIN EN 388 (2 1 1 1 X).

Special Porsche models deserve a special collection. The first 911 Turbo was absolutely unique. Inspired by the tartan in its interior, all products in the collection incorporate this pattern in their design. Discover the exclusive products and celebrate the Porsche lifestyle. The Turbo principle – myth, legend, the one and always.

PORSCHE

Porsche Classic Car Care Set, Red tartan

Part no. PCG901011C

Available in all countries excluding
Russia and China.

All Classic models

The relationship you have with your Porsche is something very special – and long-term relationships need special care and attention. The 17-piece Car Care Set from Porsche Classic is the best way to do this. It contains a combination of different products for all exterior surfaces and is suitable for all Porsche paint generations. Developed in-house, all car care products in this set were tested under the toughest conditions and are designed to meet the exact requirements of your vehicle. Truly authentic: high-quality, classic-style storage bag with a tartan pattern.

One goal: to feed your passion for a traditional driving experience and your love for classic vehicles, so that you can keep turning heads in your classic car for a long time to come.

The 17-piece Car Care Set contains:

- 1x car shampoo
- 1x polish
- 1x hard wax
- 1x gloves
- 1x wheel cleaner
- 1x tire cleaner
- 1x plastic protector
- 1x glass cleaner
- 2x microfiber cloth
- 1x chamois leather
- 1x sponge set
- 1x brush set

Vehicle registration case, tartan

Part no. PCG911200A

All Classic models

The vehicle registration case from Porsche Classic was inspired by the famous McLaughlan Tartan seat pattern in the first 911 Turbo models. High-quality Black leather, a Blue and Red tartan insert and the characteristic Porsche metal Crest add a stylish finishing touch to the case. The transparent mesh compartment for the vehicle registration document ensures that this important document is always easily accessible. There are three pockets on the inner right-hand side where you can store business cards, your service and insurance cards or your credit card. The vehicle registration case is handmade in Germany.

**Vehicle registration case,
Pepita**

Part no. PCG901200A

All Classic models

The vehicle registration case from Porsche Classic is inspired by the famous Pepita seat pattern from the early 911 generations. High-quality Black leather, a Pepita fabric insert, and an embossed Porsche Crest, as once found in the horn button of the early 911 models with short wheelbase, add a stylish finishing touch to the case. The transparent mesh compartment for the vehicle registration document ensures that this important document is always easily accessible. There are three pockets on the inner right-hand side where you can store business cards, your service and insurance cards, or your credit card. The vehicle registration case is handmade in Germany.

Just drop by your Porsche Classic Center
or your Porsche Classic Partner.
They have something special
waiting for you.

A mark of quality:

All products manufactured by Porsche – and therefore all Porsche Classic Genuine Parts – are marked with the Porsche trademark known as the “P in the triangle” either directly on the part itself or on the sales packaging.

Please only use genuine Porsche spare parts for your vehicle. You can obtain these parts from authorized Porsche dealers. Your Porsche Partner is familiar with the verified range of parts and will be happy to advise you. Porsche will not accept any liability for damage caused by the use of spare parts or accessories not authorized by Porsche.

The safety of the vehicle may be affected, even if a supplier of accessories or parts has obtained a general operating license. The huge variety of products available on the accessories market means that Porsche is not able to verify such parts. Please note that the guarantee for your vehicle may also be affected if you use parts that are not authorized by Porsche. Porsche reserves the right to alter the design, equipment and scope of delivery without prior notice. Color tones and materials may differ from those illustrated. Errors excepted.

Due to country-specific legislation and requirements, product contents may differ from those described and individual items may not be available for all models in certain countries.
