PORSCHE

Keep the trust. Preserve the dream.

PORSCHE WARRANTY EXTENSION.

We can't foresee the future.

But we can guarantee its quality.

It's not just a sports car. It's your Porsche. You've invested in this vehicle, and just like any other asset, it's an investment you'll want to protect.

Your new or Porsche Approved Pre-Owned vehicle came with a factory warranty giving you reassurance of your Porsche's quality. You can take the same peace of mind with you in the long life of your Porsche by extending your warranty.

You may elect to extend your existing Porsche warranty for up to 15 years, so you can look forward to many thousands of kilometres of stress-free driving pleasure from your Porsche. That's something that you clearly don't want to miss.

Almost out of warranty doesn't mean out of options.

Porsche Warranty Extension.

Your ability to extend your Porsche warranty is available on qualifying Porsche vehicles aged between one and fourteen years provided the total mileage is less than 200,000 km. Each warranty extension is available for 12, 24 or 48 month terms (to a maximum of 15 years) and is accepted by Official Porsche Centres throughout Australia and, in fact, the world. You may extend your Porsche warranty more than once.

Provided your vehicle passes the technical inspection, extending your warranty is easy. Simply contact your Service Consultant at your preferred Official Porsche Centre. If you have recently had your Porsche serviced at an Official Porsche Centre, your Service

Consultant may even be able to extend your warranty over the phone without the need for an additional inspection.

Should you choose to sell your Porsche privately, the warranty extension and the ability to further extend is transferable to the new owner,* and this may add to the attractiveness of your Porsche to prospective purchasers.

If your vehicle's policy has expired, provided the ownership of the vehicle has not changed, the policy can also be extended once the vehicle has passed the technical inspection and any faults detected repaired using Porsche Genuine Parts.

*The warranty is not transferable to a sport driving school, licensed motor vehicle dealers acquiring the vehicle for the purpose of resale, rental car entities or businesses whose purpose is transporting passengers.

Transparency.

After all, what is a relationship without trust?

Like your car, we want to ensure your Porsche Warranty Extension also stands for reliability and trust. It removes any doubt regarding coverage of defects as your vehicle ages. We believe it provides complete peace of mind that the quality of your Porsche is guaranteed and maintained with very few exclusions (wear and tear exclusions as listed overleaf).

Importantly, any Porsche Warranty Extension is in addition to your rights under the Australian Consumer Law (ACL), in particular your "consumer guarantee" rights. These rights are not excluded, restricted or modified by this warranty. Certain rights under the ACL also apply to second hand vehicles, although age, mileage, price and condition of the vehicle will be relevant to assessing whether the consumer guarantees apply and any remedy available.

We want you to enjoy your Porsche throughout its entire life so that it can become a classic. That's why we offer our warranty extension for up to 15 years after the initial purchase of your new Porsche along with the ability to transfer it to the next owner.*

Provided the coverage is continuous, the ability to extend the warranty is also transferable to the second, third or subsequent number of owners to follow so that they can enjoy the peace of mind as well. If you decide to sell your car privately, the features of the Porsche Warranty Extension may add to the attractiveness of your Porsche to prospective purchasers.

*The warranty is not transferable to a sport driving school, licensed motor vehicle dealers acquiring the vehicle for the purpose of resale, rental car entities or businesses whose purpose is transporting passengers.
