Prepaid performance.

PORSCHE SCHEDULED MAINTENANCE PLAN.

Porsche Performance.

Down to the very last detail.

A new era of performance deserves next-level service. The Porsche Scheduled Maintenance Plan (PSMP) is now available with the option to choose from three different periods of coverage tailored to meet the unique maintenance requirements of an all-electric Porsche. Under the PSMP, we provide you with the most detailed services your Porsche needs to maintain its peak performance.

Maintain Performance.

When you commit to servicing with an Official Porsche Centre, you are committing to the highest standard of service available for your Porsche. Many Porsche vehicles ever built are still on the road today and our Porsche Certified Technicians maintain this trend by using 100% Porsche Genuine Parts.

Value.

By locking in the cost of all scheduled maintenance services during the term of your plan, the PSMP protects you against price increases on parts and service. Compared to pay-as-you-go maintenance, you may enjoy savings over the life of the PSMP.

Keeping up with all recommended maintenance will maximise the resale value of your Porsche. Plus, if you wish to sell before your plan term expires, all of the remaining plan benefits will be transferred to the next owner which may enhance the potential resale value.

Convenience.

When leasing or financing your Porsche through Porsche Financial Services*, you can include the plan charge in your monthly payments. You will also be reminded when you are due for the next scheduled maintenance, so you can rest easy knowing your Porsche is on the right track. You can redeem your PSMP at any Official Porsche Centre in Australia.

*Available to approved applicants of Porsche Financial Services
ABN 20 097 071 460, Australian Credit Licence 389344.
Subject to credit assessment. Fees, charges and terms apply.

The Porsche Scheduled Maintenance Plan for your electric vehicle.

An ownership experience to match the driving experience.

The electric PSMP is designed to provide total peace of mind with all scheduled maintenance services covered at no additional cost during the term of the PSMP¹. It is available with an option to choose a period of coverage of three, four or five years and therefore able to be tailored to most vehicle finance terms. Further information about the individual services specified in the table can be found overleaf.

Porsche Scheduled Maintenance Plan 3 years RRP \$1,995 (incl GST) [^]			Porsche Scheduled Maintenance Plan 4 years RRP \$3,695 (incl GST) [^]	Porsche Scheduled Maintenance Plan 5 years RRP \$3,995 (incl GST) [^]
1 Year or 15,000km* Annual Check-up	2 Years or 30,000km* Full Inspection	3 Years or 45,000km* Annual Check-up	4 Years or 60,000km* Full Inspection	5 Years or 75,000km* Annual Check-up
Annual Check-up	Full Inspection including: Pollen Filter and Brake Fluid Replacement Plus Wiper Blade Replacement	Annual Check-up	Full Inspection including: Pollen Filter, Brake Fluid and Tyre Sealant Replacement Plus Wiper Blade Replacement	Annual Check-up
Same inclusions as Porsche Scheduled Maintenance Plan 3 years				
Same inclusions as Porsche Scheduled Maintenance Plan 4 years				

¹The PSMP covers the cost of parts, labour and fluids as required for the scheduled maintenance services as specified in the table above. All scheduled maintenance services must be carried out by an Official Porsche Centre. *Whichever comes first from the Warranty Start Date (as set out in the PSMP Certificate which will be provided to you on purchase of your PSMP). [^]The RRP (Recommended Retail Price) is the price which the manufacturer recommends as the maximum price to be charged for the PSMP. Pricing is current as at the date of publication October 2025 and may be changed at any time. Please ask your Official Porsche Centre for the most current pricing.

Masterful construction. Masterful maintenance.

Services at a glance.

Porsche stands for exceptional performance straight from the factory. However, durability cannot be guaranteed through excellence in production alone – but also through the knowledge of how to maintain the vehicles. Proper maintenance and expert inspection in your Official Porsche Centre will help to safeguard your driving pleasure in the long term.

Annual Check-up (every 15,000 km or 12 months, whichever comes first).

Our Certified Porsche Technicians will check your Porsche's system operation, adjust fluid levels, check tyre wear and tyre pressure and overall vehicle health.

Full Inspection (every 30,000 km or 24 months, whichever comes first).

During the bi-annual inspection, a Certified Porsche Technician will check the general condition of your car. Among other things, this includes replacing the pollen filter, a visual inspection of axle joints, tie rod joints, steering gear, drive shafts as well as additional maintenance such as replacing brake fluid and replacing the tyre sealant every four years. To cover all anticipated maintenance, the PSMP also includes the replacement of your wiper blades (every 30,000 km or 24 months, whichever comes first).

Additional services available from your Official Porsche Centre.

Dedicated to the extra mile.

In perfect alignment - Porsche Tyre Services.

To ensure maximum performance, a critical aspect still comes back to 'where the rubber meets the road'. It is where all that innovation ultimately ends up, and despite all the state-of-the-art safety and performance built into your Porsche, if your tyres are not correctly aligned and in optimum condition, it will have an effect on ultimate performance while driving.

We offer Wheel Alignments and Tyre Diagnostics Checks to ensure that your steering geometry, tyre pressure, tread depth and wear are all as they should be. It is all about maintaining optimum performance, precision handling and overall safety.

Speak to your Porsche Service Consultant for further information on additional services that your Official Porsche Centre may offer.

Keep the trust – Porsche Warranty Extension.

Your Porsche came with a factory warranty giving you reassurance of your Porsche's quality. You can take the same peace of mind with you in the long life of your Porsche by extending your warranty. You may elect to extend your existing Porsche warranty for up to 15 years, so you can look forward to many thousands of kilometres of stress-free driving pleasure from your Porsche.

Go to the Porsche Service section on [porsche.com.au](https://www.porsche.com.au) or scan the QR code below to learn more about the benefits.

There when you need it – Porsche Assistance.

We want to ensure you can continue enjoying your car even when things do not go to plan. That is why we provide complimentary Porsche Assistance for the duration of your Porsche Warranty as well as an extension of up to 12 months every time you service your car at an Official Porsche Centre.

Hopefully you will never need it, but in the case of an emergency – you are involved in a collision, sustain a flat battery or tyre, run out of charge or are locked out – Porsche Assistance will be there to help with all your needs.

Should you require assistance, at any time, simply dial the Porsche Assistance 24-hour number 1800 659 911.

For general enquiries or questions about your vehicle's functionality or charging, please contact our Customer Relations Hub on 1800 711 911.
