## **February/March 2025**

A belated happy New Year and welcome to all our new members and their supporters. This first newsletter of 2025 contains information about a few changes to previous dates, plans for the year ahead and a reminder about all the activities available to our members.

Firstly, we will not be holding an AGM in March and you will not be receiving any reports or accounts. Parkinson's UK has decided that AGM for local branches will not be required from 2025. However, we will continue to have an annual meeting to summarise activities for last 12 months and our plans for the next 12 months. There will be a separate process to elect the committee members. Please note the slight change of time March 12<sup>th</sup> and the outline of the meeting. ( page 6 )

Karen Williams, one of our Parkinson's Specialist Nurses will be holding a Q&A session at the meeting and would like you to send any questions to Neru ([secretary@parkinsonsswm.org.uk](mailto:secretary@parkinsonsswm.org.uk)) before the meeting ( by Friday 28<sup>th</sup> February) Karen hopes to answer as many questions as possible and may select the most frequently asked questions.

Karen is arranging to have a stall at Wexham Park Hospital during Parkinson's Awareness week in order to share information about Parkinson's with professionals and members of the public. It will also be promoting Parkinson's UK and our Branch. We would like to set up a rota in order to support Karen on April 11<sup>th</sup>, World Parkinson's Day. Please contact Neru if you can give some time. ([secretary@parkinsonsswm.org.uk](mailto:secretary@parkinsonsswm.org.uk))

We will be celebrating the day with traditional cupcakes at the April 9<sup>th</sup> meeting!

Have you made a new year's resolution to be more active?! If you don't already belong to one of the Branch activity groups contact Neru about having a trial session. There is also information about local venues which offer free or discounted membership. ( page 4 )

At the Branch meeting on February 12th our speaker will be Dr Helen Read. She is the Conservation Officer at Burnham Beeches and has worked for the Ancient Tree Forum and will be giving a presentation about ancient trees. Burnham Beeches is a Site of Special Scientific Interest, a National Nature Reserve and a Special Area of Conservation.

We look forward to seeing you.

## **Physiotherapy with Horizon Rehabilitation**

**Wednesdays at Burnham Park Hall, Windsor Lane, Burnham, SL1 7HR**

**1.30-2.30pm**

### **Seated Exercise**

This group is suitable for those who have not been assessed, assessed as level 3 or who prefer to exercise whilst sitting.

Seated exercise is a moderate intensity activity so you get a bit out of puff. It also includes co-ordination and brain training activities to stimulate the neural circuits affected by Parkinson's.

These sessions are fun and engaging, mixing up the music and activities so there is something for everyone.

Everyone can benefit from these exercises, no matter what your ability level.

If you're not sure if this is for you, we highly recommend that you give it a go. It takes a bit of practice and repetition to give those brain circuits a shakeup, but you'll soon be able to join in and do the movements.

**2.30-3.30pm**

### **High level standing class**

This group will be run by a qualified physiotherapist and supported by a second member of the Horizon Rehabilitation Team. The exercises will be adapted to be suitable for all those attending, and participants will need to be assessed before they can join in this class.

Carers, friends, partners are asked to remain on site for the participants who need support with mobility or personal needs. Where there is space, you are welcome to join in the class.

If you are interested and have not been assessed, we recommend that you come along to the seated class first (space permitting) and our physiotherapist will be able to complete the screening tasks with you.

**Please do not attend without first registering your interest** as we may have to turn you away if no spaces are available.

For details, please contact Neru: [secretary@parkinsonsswm.org.uk](mailto:secretary@parkinsonsswm.org.uk)

Very stable for someone with Parkinson's due to a third front wheel. Richard loved it, but unfortunately was only able to use it a few times.

**Black leather rise/recliner chair** - good working order and very comfortable. FREE to anyone who can collect it.

**Powered wheelchair** - also FREE as it will need a new battery and possibly charger. It has a joystick so a bit fiddly to control but comfortable and worked well until the battery or charger fell on the floor. Bought from CareCo in Hayes.
