**Boutique Hotel Vier Jahreszeiten -
A Home away from Home in the Heart of Salzburg**

New city hotel with history and central location in the heart of the Mozart city

Salzburg – the city of Mozart, world-renowned festivals and baroque splendor! The picturesque backdrop of the local mountains Mönchsberg and Kapuzinerberg, the impressive „Festung Hohensalzburg“, and not least the legendary film "The Sound of Music" make this city a destination of desire for travelers from around the world. Since early September 2025, the hotel Vier Jahreszeiten Salzburg is now presenting itself with a new vision as a trendy boutique hotel, thanks to a careful modernization by its current owner.

As a place with character, reduced to the essentials, the hotel offers its well-traveled guests, urban explorers and culture enthusiasts a very personal "home away from home" as an urban retreat that reveals new facets with every stay. Where tradition once shaped

the image, genuine hospitality, personal ambiance and regional charm unfolds today. Preserved with sensitivity, renewed with care: a historic hotel with contemporary spirit.

"For us, authentic hospitality is the art of meeting people with attention and sensitivity. We create spaces where people feel welcome – carried by an atmosphere that connects: people, moments and places."

(Victoria Klinkhammer, General Manager)

Thanks to its location, the new lifestyle hotel appeals to both: Salzburg visitors and business travelers at the same time, as important city sights – such as Mirabell Palace, the State Theatre, or the romantic old town with its Cathedral – are within comfortable walking distance. The Congress Center as well as the train station are also in close proximity. To its guests' delight, historic coffeehouses, charming shops and a small weekly market are just around the corner for diversion and variety. A special highlight: the hotel's own outdoor garden directly in front, which – like many room windows – offers a direct view of Salzburg's characteristic mountain scenery, including the famous Mönchsberg.

Salzburg Charm in Green

Upon entering the hotel, you immediately feel you've arrived in the city, as the lobby with its reception is designed in a warm, atmospheric green tone – a homage to Salzburg's famous loden fabric. Also the breakfast room "Taste & Green" attracts guests and invites them to linger throughout the day: whether for quiet work, reading, or enjoying a drink. Like pearls on a string, miniature crystal chandeliers create a beautiful,

stylish contrast to the cozy, locally inspired interior. A perfect retreat with Salzburg charm, affectionately referred to as the "living room" of the house by both hosts and visitors. In the morning, an exclusive à la carte breakfast is served there for hotel guests with delicious regional ingredients depending on the season.

Nestled in the heart of Salzburg, our Boutique Hotel Vier Jahreszeiten is the perfect base for cultural discoveries, inspiring encounters and peaceful moments of relaxation. Here, every stay begins with a smile – and lingers in memory through our distinctive way of making guests feel at home."

Stylish Rooms with Character

All rooms as well as the Signature Suite are retreats with character, where comfort and style are at home. They combine regional flair with nice details, high residential comfort especially for frequent travelers, and modern bathrooms that meet all requirements. In keeping with the lifestyle concept, the boutique hotel offers different room categories.

The charming double rooms can be booked in two different sizes depending on the needs: either as a more spacious Boutique Oasis or as a more compact but particularly cozy „Kleinod“. The Sound of Music Style Suite, on the other hand, nods with a wink both to the Viennese sister hotel Zur Wiener Staatsoper as well as to Salzburg's world-famous musical. A small detail good to know: the Sound of Music panorama tour buses to the original film locations depart just a two-minutes walk from the hotel.

The true centerpiece alongside the Signature Suite are the five City Nests for single travelers – small, refined and equipped with all the comfort needed for a perfect city break. Business guests particularly appreciate this thoughtfully designed room size. The coziness of the house extends through all room categories, designed in two harmonious color concepts: with a blue as well as a green-gold palette. Upon closer look, the respective color tone is beautifully reflected in all details – from the toothbrush cup and the guest amenities to the cushions and curtains.

"We believe that true luxury lies in the details – in warmth, authenticity and the art of making every guest feel truly seen." (Victoria Klinkhammer, General Manager)

About Boutique Hotel Vier Jahreszeiten Salzburg
