

Ocean Marine: Cargo Factsheet

With some of the best people in the business, our U.S. Market Cargo insurance team creates tailored solutions for your clients, helping them navigate the vast and complex world of global shipping and logistics.

Our global reach allows us to offer our small, middle market, and large customers fully compliant global programs written on a 100% basis. We provide expertise and coverage in all aspects of Cargo and Stock Throughput. This includes single voyage movements, to small and medium sized accounts, complex, and Global Stock Throughput placements.

Key Features of Coverage

We look to provide tailored solutions to all our clients. This could include simple cargo insurance for manufacturers and suppliers that only have certain responsibilities to insure their products. However, our specialism lies in Stock throughput solutions, providing seamless coverage for goods, materials, equipment and other products throughout their journey. Our cover includes storage at the factories or supplier warehouses. We also protect transits to various logistics hubs. This applies during consolidation and distribution until they reach their final destination, whether that is a retail store, project site or another location worldwide.
