"My experience in dealing with Karen has been outstanding. From the moment I picked up the phone to make contact to the final moments of our trip I felt totally at ease. It was so easy to deal with her. She was so flexible to any requirements our business needed and would go out of her way in getting responses back to me in a super fast timeframe.

Our trip to Waiheke Island was outstanding, everything that was organised from transfers, accommodation bookings, activities on the island and catering needs were so easily managed and coordinated. Such a pleasure to have an expert consultant on the island to assist us in giving the best options to make our stay a pleasure!"
