mss

Designed to organize, built to perform.

NEXT MSS is the next evolution in workshop storage, built on the trusted MSS series - a workshop favorite among professionals for over a decade. Informed by 10+ years of customer feedback, every detail has been refined to streamline the way professionals work. NEXT MSS helps you get organized, work like a professional, and get more done.

Compatible with **Sonic Foam System**

Every detail, designed for your workflow.

Standalone construction

The robust, self-supporting frame installs without wall attachment – no drilling needed – for easy installation and standalone use in any professional workspace.

Smart back panel attachments

Make the most of your vertical space. With hooks, holders and shelves, a range of smart add-ons ensures efficient use of space and fast access.

Integrated key locks

NEXT MSS comes with key locks for each cabinet, ergonomically positioned for ease of access. Keep your equipment securely stored - protected against loss, damage or unauthorised access.

Cabinet top trays

Smart additional storage, right on top. Cabinet top trays keep tools and parts within reach – with raised edges to prevent anything from falling off.

Easy height adjustment

Effortlessly adjust the height of your storage setup for a perfect fit. NEXT MSS makes it easy to align your storage system – for a stable base and a clean, professional look across your entire setup.

Sonic Foam System

NEXT MSS is fully compatible with Sonic Foam System for the most efficient tool organization and a streamlined workflow. Choose from over 200 foam-inlays, each with high-quality tools to match your specific needs. Discover more on page 66.

Sonic Configurator

Design your perfect setup with the Sonic Configurator. Visualize, customize and plan your layout – down to the last module.

Flawless fit on uneven floors

Workshop floors are rarely perfect. NEXT MSS features dual kick-plates that compensate for floor irregularities, ensuring a flawless fit and a professional, integrated look.

Highlights **NEXT MSS.**

Various drawer layouts available, with a combination of standard (62 mm inside height), deep (142 mm) and extra deep (220mm) drawers.

Gas strut-assisted doors for smooth and easy opening.

Magnetic door closures keep doors securely closed at all times.

Easy to install on a self supporting frame. No walls or drilling needed.

Central key locking system for secure storage.

Choice of solid or perforated back panels.

Built to last:
Created from durable steel with a protective powder-coated finish for long-lasting performance.

Fully compatible with the Sonic Foam System for the most efficient tool organization and workflow.

Available with a choice of stainless steel or wooden worktops.

Easily adjust cabinet height for perfect alignment.

Dual kick plates ensure a snug, seamless fit – compensating for uneven floors.

Finished in matte signal black (RAL 9004) body with anthracite grey (RAL 7016) drawers, doors, and back panels for a clean, professional look.

SONIC

Sonic Configurator.

**GET MORE
DONE**

Design your ultimate workflow.

The Sonic Configurator empowers you to take full control of your workspace, simplifying the process of planning, designing, and optimizing your workshop layout. Whether you're starting fresh or remodeling an existing space, the Sonic Configurator helps you visualize your ideal workflow with precision.

MODULAR FLEXIBILITY

Tailor your workspace with modular storage and ergonomic workstations.

POWER OF 3D VISUALIZATION

Transform your vision into reality with advanced 3D visualization.

PRODUCTIVITY AND EFFICIENCY

Design a workspace that optimizes workflows and maximizes space.

**SCAN THE QR CODE AND CREATE
YOUR PERFECT LAYOUT**

Sonic Foam System NEXT-level efficiency.

At the heart of all Sonic storage solutions and toolboxes is the Sonic Foam System – expertly selected and organized tool sets in foam inlays, designed for maximum efficiency. It ensures every tool is easy to find, retrieve, and return – keeping sets complete and users productive. Independent research shows that working with the Sonic Foam System increases mechanic productivity, resulting in significant time and cost savings.

Vertically positioned deep sockets for optimal space utilization.

All sizes are laser engraved.

Precision-cut foam slots for each individual tool.

Durable, chemical-resistant foam with contrasting shadow layer.

Most frequently used tools positioned on the right for easy access.

Comprehensive sets also include less commonly used sizes.

Audit drawers in seconds for missing tools

MISPLACED TOOLS

- › More than 200 preconfigured tool sets
- › Available in 4 sizes: S, M, L, XL
- › Dual color, shadowed foam
- › Resistant to most common fluids and chemicals
- › Where applicable, sizing on foam inlay
- › Inventory list with each foam inlay. This makes repeat orders easier for end user and reseller.

The Sonic NEXT ratchet is the most powerful in its range. This ratchet has an ultimate ergonomic design which provides optimum contact and therefor a higher power transmission up to 757Nm. The 60 teeth in the NEXT ratchet ensures more accuracy and efficiency. On top of this, the narrow head of the Sonic NEXT ratchet offers the possibility to reach even the most confined spaces.

Sonic NEXT torque wrenches.

Available in 6 different models for a wide range of applications from 5 to 340Nm and various connection sizes. Equipped with an ergonomic grip and a chrome-plated spring tube with clearly visible scale in Nm and lbf ft, this allows the torque wrench to be set quickly and accurately. The NEXT torque wrenches come standard with right-handed calibration and are optionally also available with an ISO 6789-2:2017 certificate. For optimal protection, a hard-shell protective case is included.

NEXT TORQUE WRENCHES

+ 124 TOOLS

NEW

Modular tool case
automotive **124-pcs.**

This 124-piece set packs all the essentials into one rugged, mobile solution. From precision screwdrivers and hex keys to combination wrenches, ratcheting wrenches, pliers, hammers, and more—you're ready for any job, anytime, anywhere.

The robust case is built to withstand impact, heavy loads, and tough environments. With dual side handles, a 990 mm extendable trolley handle, and four silent, durable wheels, it's made to move with you. Self-restraining drawer stops prevent accidental opening, and a reinforced padlock point secures the entire case with a single lock.

Available from Q2 2026.

#4822332

Tyre carrier caddy

This long life, light weight, high capacity cart allows the tyre fitter to maneuver heavy wheel sets in the most ergonomic way with the help of its patented lifting system. The unique push-slide-secure automatic locking system eliminates the need for inefficient, wear sensitive, foot operated - or hand controlled jaws. The colored foam filled tires are maintenance free and leave no traces on the floor. The wheels run on industrial bearings.

#4822507

Tyre carrier extender & push pull kit

Extend the height of your tyre carrier caddy with our extender. The push pull lever ensures a quick release on smooth, polished floors or when dealing with a light stack of tires.

Sonic warranty program.

Our Sonic warranty program has been compiled with care to communicate our policy clearly and transparently, aiming to support our partners and customers as best as possible. Sonic offers three levels of warranty periods for different product group selections, which are explained in more detail on the next page.

Sonic warranty terms & conditions

Please note that the Sonic warranty is applicable when the product is used normally and correctly. Please refer to our website for the specific Sonic warranty duration for each product. The warranty period starts from the date of purchase and is only valid in combination with an original proof of purchase.

<https://sonic-equipment.com/warranty/>

- > For comprehensive information regarding our warranty terms, please refer to our warranty conditions, which are a part of the general terms and conditions on our website.
- > Your primary point of contact for warranty matters is the place where you purchased the product. The general terms and conditions of the selling party apply to the purchase.
- > Always read the manual before using the product, and do not open or modify it, as this will void the warranty. If you have any doubts or questions, please contact our Support Team.
