After a long selection procedure, Volkswagen has decided to start a collaboration with Sonic Equipment. Especially for Volkswagen Sonic has developed 2 toolboxes, based on the S9 and S12 toolbox. These toolboxes will be delivered in the Volkswagen RAL colors and can be supplied with foam inlays specially developed for Volkswagen. The range consists of a basic tool set in foam inlays and additional extension sets for Audi, VW and body. These products are exclusively available at Volkswagen and their distribution centers.

mss

Designed to organize, built to perform.

NEXT MSS is the next evolution in workshop storage, built on the trusted MSS series - a workshop favorite among professionals for over a decade. Informed by 10+ years of customer feedback, every detail has been refined to streamline the way professionals work. NEXT MSS helps you get organized, work like a professional, and get more done.

L

Every detail, designed for your workflow.

Standalone construction

The robust, self-supporting frame installs without wall attachment – no drilling needed – for easy installation and standalone use in any professional workspace.

Smart back panel attachments

Make the most of your vertical space. With hooks, holders and shelves, a range of smart add-ons ensures efficient use of space and fast access.

Integrated key locks

NEXT MSS comes with key locks for each cabinet, ergonomically positioned for ease of access. Keep your equipment securely stored - protected against loss, damage or unauthorised access.

Cabinet top trays

Smart additional storage, right on top. Cabinet top trays keep tools and parts within reach – with raised edges to prevent anything from falling off.

Easy height adjustment

Effortlessly adjust the height of your storage setup for a perfect fit. NEXT MSS makes it easy to align your storage system – for a stable base and a clean, professional look across your entire setup.

Sonic Foam System

NEXT MSS is fully compatible with Sonic Foam System for the most efficient tool organization and a streamlined workflow. Choose from over 200 foam-inlays, each with high-quality tools to match your specific needs. Discover more on page 66.

Sonic Configurator

Design your perfect setup with the Sonic Configurator. Visualize, customize and plan your layout – down to the last module.

Flawless fit on uneven floors

Workshop floors are rarely perfect. NEXT MSS features dual kick-plates that compensate for floor irregularities, ensuring a flawless fit and a professional, integrated look.

Highlights **NEXT MSS.**

Various drawer layouts available, with a combination of standard (62 mm inside height), deep (142 mm) and extra deep (220mm) drawers.

Gas strut-assisted doors for smooth and easy opening.

Magnetic door closures keep doors securely closed at all times.

Easy to install on a self supporting frame. No walls or drilling needed.

Central key locking system for secure storage.

Choice of solid or perforated back panels.

Built to last:
Created from durable steel with a protective powder-coated finish for long-lasting performance.

Fully compatible with the Sonic Foam System for the most efficient tool organization and workflow.

Available with a choice of stainless steel or wooden worktops.

Easily adjust cabinet height for perfect alignment.

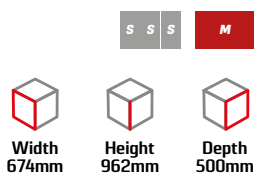

Dual kick plates ensure a snug, seamless fit – compensating for uneven floors.

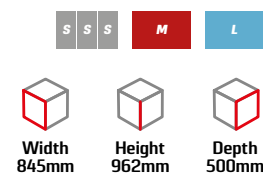

Finished in matte signal black (RAL 9004) body with anthracite grey (RAL 7016) drawers, doors, and back panels for a clean, professional look.

YOUR PERFECT LAYOUT**

Sonic Foam System NEXT-level efficiency.

At the heart of all Sonic storage solutions and toolboxes is the Sonic Foam System – expertly selected and organized tool sets in foam inlays, designed for maximum efficiency. It ensures every tool is easy to find, retrieve, and return – keeping sets complete and users productive. Independent research shows that working with the Sonic Foam System increases mechanic productivity, resulting in significant time and cost savings.

Vertically positioned deep sockets for optimal space utilization.

All sizes are laser engraved.

Precision-cut foam slots for each individual tool.

Durable, chemical-resistant foam with contrasting shadow layer.

Most frequently used tools positioned on the right for easy access.

Comprehensive sets also include less commonly used sizes.

Audit drawers in seconds for missing tools

The Sonic NEXT ratchet is the most powerful in its range. This ratchet has an ultimate ergonomic design which provides optimum contact and therefor a higher power transmission up to 757Nm.

The 60 teeth in the NEXT ratchet ensures more accuracy and efficiency. On top of this, the narrow head of the Sonic NEXT ratchet offers the possibility to reach even the most confined spaces.

Sonic NEXT torque wrenches.

Available in 6 different models for a wide range of applications from 5 to 340Nm and various connection sizes. Equipped with an ergonomic grip and a chrome-plated spring tube with clearly visible scale in Nm and lbf ft, this allows the torque wrench to be set quickly and accurately. The NEXT torque wrenches come standard with right-handed calibration and are optionally also available with an ISO 6789-2:2017 certificate. For optimal protection, a hard-shell protective case is included.

#301003
Bit socket set 1/2", hex on rail, 10-pcs
4, 5, 5.5, 6, 7, 8, 9, 10, 12, 14mm

#301002
Bit socket set 1/2", hex on rail, 10-pcs
3/16", 1/4", 9/32", 5/16", 11/32", 3/8", 7/16",
1/2", 9/16", 5/8"

#301005
Bit socket set 1/2", TX on rail, 10-pcs
T20, T25, T27, T30, T40, T45, T50, T55,
T60, T70

#300906
Bit set 1/2", veeltand 9-dlg. op rail
- M5, M6, M8, M9, M10, M12, M14, M16
- M16-T

#301009
Bit socket 1/2" TX plus on rail 10-pcs.
- IP20, IP25, IP27, IP30, IP40, IP45, IP50,
IP55, IP60, IP70

Modular tool case
automotive **124-pcs.**

This 124-piece set packs all the essentials into one rugged, mobile solution. From precision screwdrivers and hex keys to combination wrenches, ratcheting wrenches, pliers, hammers, and more—you're ready for any job, anytime, anywhere.

The robust case is built to withstand impact, heavy loads, and tough environments. With dual side handles, a 990 mm extendable trolley handle, and four silent, durable wheels, it's made to move with you. Self-restraining drawer stops prevent accidental opening, and a reinforced padlock point secures the entire case with a single lock.

Available from Q2 2026.

Head nut riveter

- Capacity: M6 steel; M5 stainless steel
- Supplied with 4 steel nuts M3 - M4 - M5 - M6
- Max multiple of arm force 35
- Rotary nut loading structure
- Aluminium alloy body
- Chrome molybdenum alloy steel mandrel
- The riveted parts can be replaced without removing the sleeve

#4411002

Riveting nut plier

- Capacity: Diameter 6.4 mm alu rivets; Diameter 6 mm steel rivets
- Supplied with 5 nosepieces diameter 2.4, 3.2, 4.0, 4.8, 6.4 mm
- Max multiple of arm force 30
- Spent nail core collect
- Aluminium alloy body
- Hexagonal jaw pulldown seat and 3pcs alloy steel jaw makes more durable
- Manual adjustable sleeve makes removing easily without any tool

4411003

Head riveter

- Capacity: Ø 5 mm aluminium - Ø 4 mm steel
- Supplied with 4 nosepieces diameter 2.4, 3.2, 4.0, 4.8mm
- Max multiple of arm force 26
- Aluminium alloy body
- Hexagonal jaw pulldown seat and 3pcs alloy steel jaw makes more durable
- Manual adjustable sleeve makes removing easily without any tool

#813001

Crimping plier set with exchangeable heads 6-pcs

- Insulated terminal ends DIN 0.5-6mm²
- Non-insulated terminal ends DIN 1.5-10mm²
- Open barrel terminal ends DIN 0.5-4.0mm²
- Insulated cord-end terminal DIN 0.5-6mm² (for small sizes)
- Insulated cord-end terminal DIN 0.5-6mm² (for large sizes)
- Open barrel terminal & D-SUB, V3.5

#813002

Crimping plier set with exchangeable heads, 11-pcs

- Crimping tool set with ratcheting
- Function and adjustable jaws
- Includes 10 exchangeable crimping jaws
- Insulated terminal ends din 0.5-6mm²
- Non-insulated terminal ends din 1.5-10mm²
- Open barrel terminal ends din 0.5-4.0mm²
- Insulated cord-end terminal din 0.5-6mm² (for small sizes)
- Insulated cord-end terminal
- Din 0.5-6mm² (for large sizes)
- Open barrel terminal & D-SUB,V3.5
- Cable connector (BNC)
- 4P4C connector
- 6P6C connector
- 8P8C connector

#4474002

Wheel adhesive balance weight pliers

To remove adhesive weights for alloy rims. Through its unique design in the basin, the removal of all kinds of adhesive weight can be done very easily and without damage to alloy rims.

#600308

Hose line clamp set 3-pcs

#47023

Brake fluid tester

- Compact digital brake fluid tester
- Pen model with useful pocket clip
- For measuring the H₂O (liquid) in brake fluid
- With LED-indicator, with automatic off-switch after 12 seconds
- Plastic housing
- With protection cap for measure-pins
- Suitable for DOT-3, DOT-4 and DOT-5.1 brake fluids
- Protection IP 44
- Length 150mm

#820019

Multi-purpose syringe 500ml

#48031
Aluminum + steel jack, 1,5 ton

- Maximum lifting capacity: 1500kg
- Minimum lift height: 88mm
- Maximum lift height: 360mm
- Total length: 484mm
- Diameter pick-up dish: 108mm

#48032
Aluminum jack, 2 ton

- Maximum lifting capacity: 2000kg
- Minimum lift height: 83mm
- Maximum lift height: 470mm
- Total length: 632mm
- Diameter pick-up dish: 108mm

Aluminum jacks in an extra low version. The jacks are equipped with nylon wheels (2 swivel wheels) and a two-part control rod and a carrying handle. The jacks come with a pick-up dish with a rubber pad.

#48033
Low profile jack, 2 ton

- Maximum lifting capacity: 2000kg
- Minimum lift height: 75mm
- Maximum lift height: 505mm
- Total length: 675mm
- Diameter pick-up dish: 108mm

#48034
Low profile jack, 3 ton

- Maximum lifting capacity: 3000kg
- Minimum lift height: 75mm
- Maximum lift height: 505mm
- Total length: 673mm
- Diameter pick-up dish: 108mm

#48035
Low profile floor jack, extra long 1.5 ton

- Maximum lifting capacity: 1500kg
- Minimum lift height: 70mm
- Maximum lift height: 610mm
- Total length: 863mm
- Diameter pick-up dish: 108mm

Steel jacks in an extra low version and therefore very suitable for light commercial vehicles. The jacks are equipped with nylon wheels (2 swivel wheels) and an extra foot control. Furthermore, the jacks have a two-part operating rod with handle and a protective foam cover. The jacks come with a pick-up dish with a rubber pad and an extra shell for small material.

CE

#4822331

Foldable mobile engine crane, 1 ton

The 2 speed hydraulic pump with chromed ram rotates up to 135 degrees ensuring the optimal working position. Measurements folded: L 1499 x W 90 x H 1405mm

POSITION	CAPACITY	MINIMUM HEIGHT	MAXIMUM HEIGHT
1	1000kg	334mm	2120mm
2	750kg	214mm	2210mm
3	500kg	94mm	2300mm

#4822332

Tyre carrier caddy

This long life, light weight, high capacity cart allows the tyre fitter to maneuver heavy wheel sets in the most ergonomic way with the help of its patented lifting system. The unique push-slide-secure automatic locking system eliminates the need for inefficient, wear sensitive, foot operated - or hand controlled jaws. The colored foam filled tires are maintenance free and leave no traces on the floor. The wheels run on industrial bearings.

#4822507

Tyre carrier extender & push pull kit

Extend the height of your tyre carrier caddy with our extender. The push pull lever ensures a quick release on smooth, polished floors or when dealing with a light stack of tires.

#4800708

Transmission jack, 500kg

Professional transmission jack, for mounting and dismounting gearboxes and transfer boxes. This 500kg version has nylon swivel wheels for easy maneuvering. The jack is equipped with a quick-lift foot control. Due to the reversible pick-up head, the jack is multi-functional.

#4800707

Jack stands, 3 ton

Jack stands with a capacity of 3 ton for the safe support of various vehicles and other heavy objects.

- Min. height 305mm
- Max. height 450mm

Compact hydraulic bottle jacks for lifting different types of vehicles and other heavy objects.

#4800701

Bottle jack 2 ton

- Lifting capacity 2 ton
- Min. lift height 158mm
- Max. lift height 308mm

#4800702

Bottle jack 4 ton

- Lifting capacity 4 ton
- Min. lift height 180mm
- Max. lift height 350mm

#4800703

Bottle jack 6 ton

- Lifting capacity 6 ton
- Min. lift height 197mm
- Max. lift height 382mm

#4800704

Bottle jack 8 ton

- Lifting capacity 8 ton
- Min. lift height 205mm
- Max. lift height 390mm

#4800705

Bottle jack 12 ton

- Lifting capacity 12 ton
- Min. lift height 218mm
- Max. lift height 400mm

#4800706

Bottle jack 20 ton

- Lifting capacity 20 ton
- Min. lift height 244mm
- Max. lift height 449mm

POWER

- #4822411**
Cable reel with charging cables 6 meter
- Automatic spring rewinding
 - Plastic outer casing
 - Steel swivelling wall bracket
 - Ratched stop device easily inspectable and removable by the end user
 - Hose diameter 16mm
 - 30A
 - Ratched stop device easily inspectable and removable by the end user
 - CE approved
 - TÜV certified
 - Not suitable for 220V application

SLOW MOTION SYSTEM:

This system makes it possible to slowly and uniformly wind cables and hoses without jerking or whiplash. It guarantees increased safety, better organization and higher productivity in the workplace. Zero damage to property and no personal injuries. This system is available and applicable for all cable- and air hose reels, also after installation and can be mount easily on the outside of the housing.

Sonic warranty program.

Our Sonic warranty program has been compiled with care to communicate our policy clearly and transparently, aiming to support our partners and customers as best as possible. Sonic offers three levels of warranty periods for different product group selections, which are explained in more detail on the next page.

Sonic warranty terms & conditions

Please note that the Sonic warranty is applicable when the product is used normally and correctly. Please refer to our website for the specific Sonic warranty duration for each product. The warranty period starts from the date of purchase and is only valid in combination with an original proof of purchase.

<https://sonic-equipment.com/warranty/>

- > For comprehensive information regarding our warranty terms, please refer to our warranty conditions, which are a part of the general terms and conditions on our website.
- > Your primary point of contact for warranty matters is the place where you purchased the product. The general terms and conditions of the selling party apply to the purchase.
- > Always read the manual before using the product, and do not open or modify it, as this will void the warranty. If you have any doubts or questions, please contact our Support Team.
