Abuse and mistreatment of older people is

everyone's business

**Elder abuse
affects 1 in 6 older
Western Australians**

Help is available

If you or someone you know is experiencing abuse or mistreatment or has a question about elder abuse, please call the **WA Elder Abuse Helpline and Information Service on 1300 724 679**. All calls are confidential and may include referral to a specialised support service.

Abuse and mistreatment of an older person can happen in many ways, including financial, social, physical, sexual, psychological, and emotional abuse. Elder abuse is often committed by someone trusted.

Reducing the stigma

Elder abuse can be difficult to talk about. You may feel ashamed, blame yourself or worry about being isolated from your family if you seek help. Someone you know may feel the same. If you, or someone you know, is being abused or mistreated speak up. There is help available.
