

W&H Dentalwerk

W&H Dentalwerk, PO Box 1, 5111 Bürmoos, Austria

W&H Conflict Minerals Policy Statement

W&H as a manufacturer of medical components purchases components and materials that contain tin, gold, tantalum and tungsten in very small quantities. These raw materials are not procured or imported directly.

Being an Austrian company, W&H is not subject to the provisions of the US law H.R. 4173 "Dodd-Frank Wall Street Reform and Consumer Protection Act" Section 1502 on „Conflict Minerals”.

Anyway, we give our full attention to the national, European and international developments concerning ethical, social and environmental standards.

With its procurement strategy, W&H supports the international efforts of prohibiting and controlling the mining and the trade with minerals originating from the Democratic Republic of the Congo (DRC) and its neighboring countries by illegal armed groups.

Within the initial choice of suppliers, W&H selects partners that share our values regarding respect for human rights, integrity and environmental responsibility.

Based on the current information of our suppliers, W&H does not use any components originating from DRC and its neighboring countries.

W&H Dentalwerk Bürmoos GmbH
