DIY-Service

Alegra Spare Parts

In addition to the W&H Service you also have the opportunity to maintain your Alegra turbines and contra-angle handpieces yourself and to carry out minor repairs quickly and professionally on-site. Regular on-site maintenance extends the service life of your turbines and contra-angle handpieces and reduces downtimes.

Do it yourself

Take a look at our Alegra spare parts overview and follow our video tutorials on our W&H Video Channel.

for WE-66
REF 07550100

PLEASE NOTE!

Tools: For your own safety and the safety of your patients, please always order the compatible tools to carry out the repair in good quality.

Original Spare parts: The medical device loses its CE conformity if repairs are carried out with a non-original spare part. The use of non-original spare parts does not meet the high W&H quality standards. Safe use and a long product life can no longer be guaranteed.
