Set sail for a new lifestyle.

Discovering and learning new things is always easier when the environment is inspiring. Hence this very invitation to join us at sea aboard a luxurious motor yacht in Turkey. We couldn't think of a better place to throw old habits overboard and practise new ways of being.

The historic MY Halas has hosted regal travellers like the English Royal Family and American Presidents. You will be treated to pleasant sea breezes and caring support from our medical team. Look forward to a wonderful VIVAMAYR week with new inspirations on every horizon.
