STEP 3
Take Action

Use a digital presentation tool, such as Microsoft Sway, to create a presentation that clearly explains the benefits of your inclusivity solution. Organize your notes from the previous sections and use them to help address the questions below during your presentation.

- Who is currently using this space or resource? Who is unable to use this space or resource?
- What is the issue? Why is it important to remove or resolve this issue?
- What is the technological solution? What benefits does it offer?
- What will the solution require (installation time and costs, training for equipment, etc.)?
- How will your group offer assistance (volunteering, fundraising for costs, etc.)?

Tip: Once you're on track for implementing your solution, promote it to raise awareness of inclusivity and inspire others to do the same!
