2. Working with mobile phone

It is important to pair the headset with your Bluetooth enabled mobile phone for first time use.

2.1 Pairing procedure:

Step 1: Ensure the headset is off.

Step 2: Press and hold the MFB button (about 5 - 7 seconds) until the LED blinks blue and red alternately.

Step 3: Active Bluetooth on your phone and select "Avantree AS30"

Once paired and connected, the headset will be automatically connected to your phone whenever you turn the headset on again, provided your phone is within range.

Note: The headset will auto power off if not connected with any device within 15 minutes.

- 2 -

3. Working with two mobile phones simultaneously

Step 1: Connect headset with the first phone as above. Then turn off the headset.

Step 2: Connect headset with the second phone as above.

Step 3: Tap and select "Avantree AS30" on the first phone to connect it.

Step 4: Now the headset has connected with the two phones simultaneously.

5.Working with a PC or Laptop

5.1Pairing procedure:

Step1: Turn the headset off (press and hold MFB button for 3s)

Step2: Press and hold MFB button for 5 - 7s until LED indicator flashes blue and red alternately.

Step3: Active Bluetooth on your PC/notebook and select "Avantree AS30".

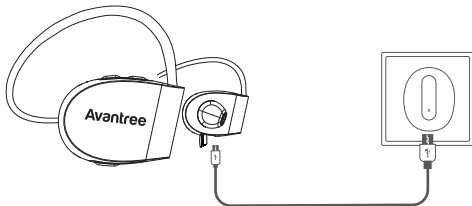

Note:

Make sure PC/notebook is Bluetooth enabled and supports A2DP profile, otherwise you may need a Bluetooth audio adapter to add the feature on PC / notebook that do not. For details on how to set up with PC / notebook, please see support.avantree.com.

- 5 -

6.How to charge

When battery power is low, the LED indicator will flash red 3 times every minute and a two-beep sound will come up every minute. Please charge the headset via the supplied charging cable. It normally takes about 2.5 hours to fully charge the battery. The LED will indicate red when charging and will turn off when charging is complete.

Charging requirement: You can plug our supplied Micro USB cable to your own USB chargers (wall charger/travel charger/car charger, etc) with 5V/500mA-2A or to a PC/Mac USB port. It is OK to use most mobile phone chargers on the market.

- 6 -

7. How to reset

You may need to reset the headset if it is not working as expected. Under pairing mode (LED flashes blue and red alternately), double click the MFB button, and then power it off manually. Now your headset has been restored to its default settings. After powered on again, it will enter pairing mode directly.
