Reconnecting	Blinks BLUE once every 1s
Disconnected	Blinks BLUE once every 2s
Connected with SBC Codec	Blinks BLUE once every 5s
Connected with AptX Codec	Blinks BLUE twice every 5s
Connected with AptX-LL Codec	Remains BLUE
Connected with AptX-HD Codec	Blinks BLUE three times every 5s
Low Battery	Blinks RED once every 1min

Bluetooth Pairing

Put the headphones into Pairing Mode (On 1st use, it will enter PAIRING MODE automatically once turned on.)

Pair to mobile device

Set the headphones into Pairing Mode as above. Activate Bluetooth on your phone and set it to search for new devices. Select “Avantree AS90T”, once successfully paired you’ll hear “connected”.

To add another cell phone

Connect with the FIRST phone as above, then turn off the headphones.
Connect headphones with SECOND phone as above. Tap and select “Avantree AS90T” on the FIRST phone
Now, Avantree Aria Podio connected with TWO phones simultaneously.

Reconnection

Normally, when the next time you turn on Avantree Aria Podio, it will automatically reconnect the last paired device.

Alternatively, Slide the power switch to [X] once  then release to enter into its Reconnection Mode.

Using the AUX Input

- Use the supplied 3.5mm audio cable to connect to a non-Bluetooth device.

Note: If you wish to use the ANC function in wired mode, please turn on the headphones first.

Charging

When the LED flashes **RED** once every 60 seconds, please recharge your headphones.

Please place the headphones onto the charging dock or plug it into a USB wall charger (DC 5V/0.5-2A) using the included micro USB cable. Normally it will take about 2 hours to fully charge. Place the headphones onto the charging dock, the LED indicator on the stand will stay solid **WHITE** while charging and turn **GREEN** when charging is complete. While charging, the headphones' LED will turn **RED** and will turn off once charging is complete.

To assemble the hanger onto the base – please match the arrow on the hanger support with the **UNLOCK** position

on the base. Insert and twist clockwise until it clicks into position.

Note: To avoid damage to headphones, please **DO NOT** charge the headphones using both the desktop charging stand and the micro USB cable at the same time.

Clear pairing history

If you have issues with the audio stream skipping or cutting out when using Avantree Aria Podio (AS90T), please try to clear pairing history as following:

Firstly, turn on the headset (Non-calling Status), then Hold BOTH [⏮] and [⏭] for 5s till LED blinks **PINK** for 2s, then the headphones enter into **PAIRING MODE** automatically

Troubleshooting

<https://avantree.com/catalogsearch/result?q=Aria+Podio>

1. No sound with PC?

- 1) Under Playback Devices select the Avantree AS90T as the default playback device
- 2) When using AS90T to make VOIP calls from an app, please select the AS90T, Hands-Free for Microphone and Speaker device

2. No sound using a Bluetooth transmitter to watch TV?

- 1) Ensure the Bluetooth transmitter and headphones are connected properly
- 2) Check that your audio OUTPUT is functioning properly
 - AUX & RCA (red and white) outputs on TV – test audio with any wired headphone

- OPTICAL output on TV – set your TV audio format to “PCM/LPCM” or turns off Dolby/DTS

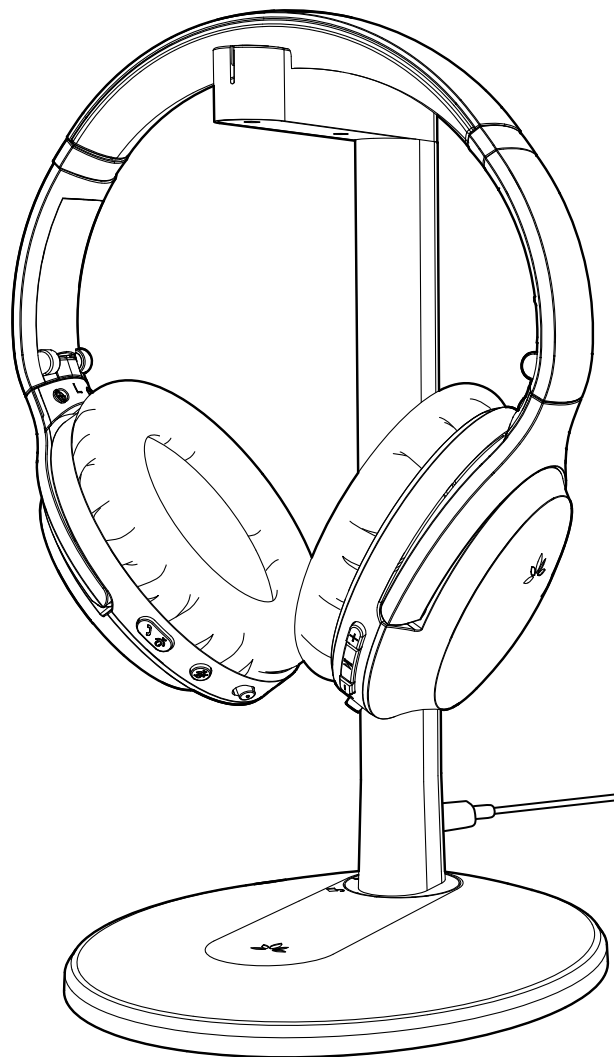

3) Change your TV audio out device setting to External speakers/Headset

3. Headphones do not pair with Bluetooth device

- 1) Ensure the AS90T is in Pairing mode – LED will flash BLUE and RED alternately.
- 2) For Bluetooth transmitter, ensure the transmitter is in Pairing mode – please refer to user manual.
- 3) For mobile phones, tablets and PCs:
 - Turn the Bluetooth off then on again.
 - Delete/forget the “Avantree AS90T” from your device’s Bluetooth list and then try to pair again
 - Clear the headphone’s pairing history, and pair again

Bluetooth-Paarung

- Setzen Sie die Kopfhörer in den Paarungsmodus (bei der ersten Verwendung gehen diese automatisch in den PAARUNGSMODUS, sobald sie eingeschaltet werden).
- Aktivieren Sie die Bluetooth-Funktion auf Ihrem Handy. Suchen & wählen Sie „Avantree AS90T“, sobald eine Verbindung besteht, hören Sie die Ansage „verbunden“.

Nutzung des AUX-Inputs

- Verwenden Sie das mitgelieferte 3,5mm Audiokabel, um eine Verbindung mit einem Gerät ohne Bluetooth-Funktion herzustellen.

Hinweis: Wenn Sie die ANC-Funktion im verkabelten Zustand nutzen möchten, schalten Sie bitte zuerst die Kopfhörer ein.

Ladevorgang

Wenn die LED alle 60 Sekunden einmal **ROT** auf blinkt, laden Sie bitte Ihre Kopfhörer auf.

Bitte setzen Sie die Kopfhörer auf die Ladestation oder schließen Sie diese an einem USB-Wandladegerät (DC 5V/0,5-2A) mit dem mitgelieferten Mikro-USB-Kabel an. Normalerweise dauert der Ladevorgang 2 Stunden.

Beim Laden leuchtet die LED ROT und geht aus, sobald der Ladevorgang abgeschlossen ist.

Setzen Sie die Kopfhörer auf die Ladestation. Die LED-Anzeige am Ständer leuchtet durchgehend WEISS beim Aufladen und **GRÜN**, sobald der Ladevorgang abgeschlossen ist.

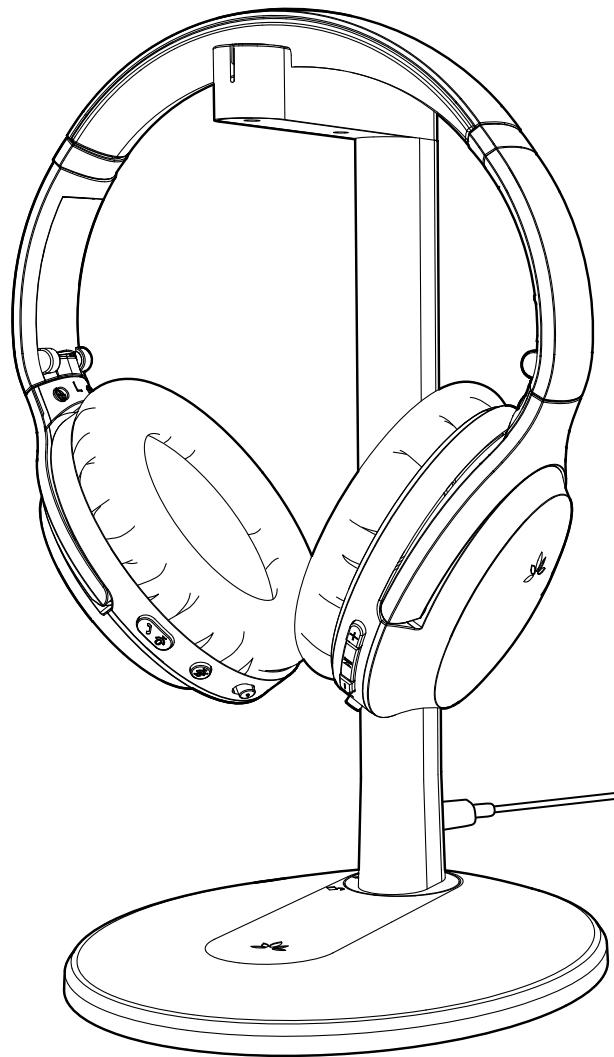

Um den Aufhänger an der Basis anzubringen – bringen Sie den Pfeil am Aufhänger mit der ENTSPERREN Position an der Basis auf eine Linie. Setzen Sie diesen ein und drehen Sie ihn im Uhrzeigersinn, bis er einrastet.

Hinweis: Um eine Beschädigung der Kopfhörer zu vermeiden, laden Sie die Kopfhörer NICHT gleichzeitig mit dem Tischladeständer und dem Micro-USB-Kabel auf.

Mode d'emploi

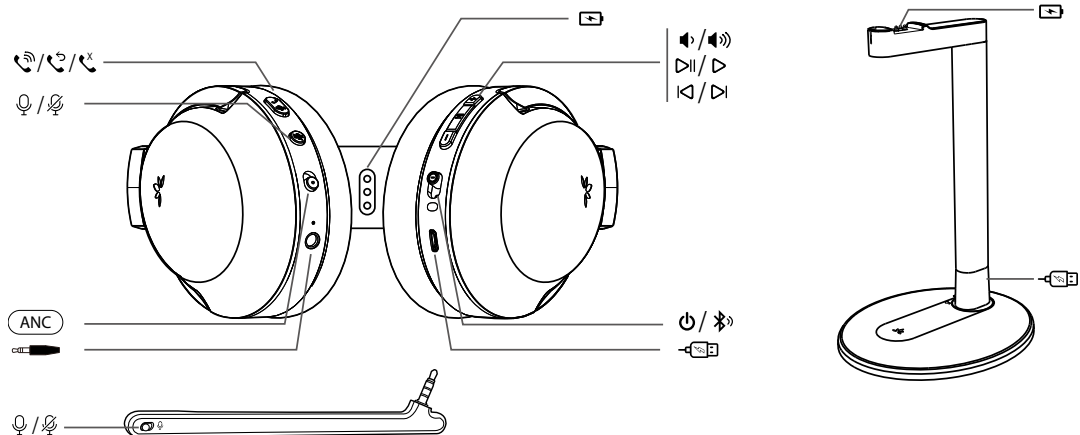

Wireless ANC Headphones with Charging Stand

Aria Podio

Guide rapide.....	1
Fonctions de base	1
Association Bluetooth	1
Utilisation de l'entrée Aux jack	1
Recharge.....	2

Guide rapide

Fonctions de base

	Marche – * Glisser le bouton d'alimentation au milieu		Lecture / Pause – Appuyer 1x		Prise / Fin d'appel – Appuyer 1x
	Arrêt – * Glisser le bouton d'alimentation vers		Volume +/- – Appuyer 1x		Rejet d'appel – Appuyer 2s durant un appel entrant
	Appairage – * Glisser et maintenir 3s le bouton d'alimentation vers , les LED clignotent, jusqu'à ce que le voyant LED clignote alternativement en ROUGE et BLEU.		Piste Suivante / Précédente – Appuyer 2s		Recomposer dernier N° – Appuyer 2x
	ANC aktivieren – (im eingeschalteten Zustand)		Activer/ Désactiver l'assistance vocale – Appuyer 1x		ANC deaktiveren –
			ANC deaktiveren –		

Association Bluetooth

- Mettez le casque en appairage (à la 1ère mise en marche, il entrera automatiquement en appairage).
- Activer le Bluetooth sur votre téléphone. Rechercher & sélectionner "Avantree AS90T". Une fois associé, vous entendrez au casque "connected."

Utilisation de l'entrée Aux jack

- Utiliser le câble jack 3.5mm fourni pour connecter le casque à un équipement dépourvu du Bluetooth.
- Note: pour utiliser la fonction ANC en filaire, mettez d'abord en marche le casque.

Recharge

Lorsque le voyant clignote en **ROUGE** toutes les 60 secondes, veuillez recharger votre casque.

Placez le casque sur sa station de charge ou branchez-le sur un chargeur mural USB (DC 5V / 0.5-2A) via le câble micro USB fourni. Normalement, une recharge complète prend environ 2 heures. Pendant le chargement, le voyant devient ROUGE et s'éteint une fois le chargement terminé.

Placez le casque sur la station de charge. Le voyant à LED du support reste BLANC pendant la charge et passe au **VERT** une fois la charge terminée.

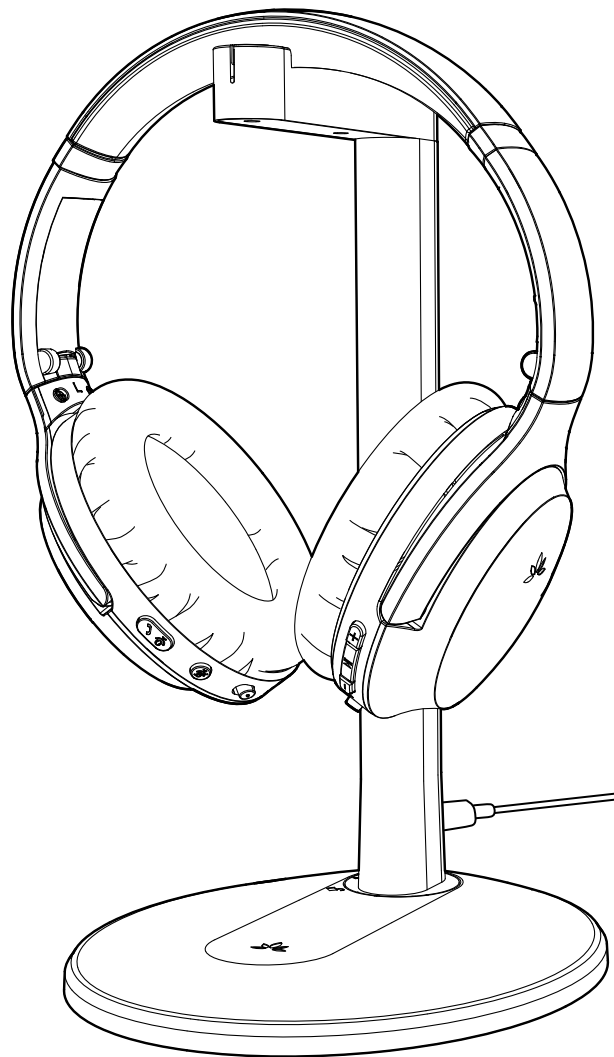

Pour monter le support sur la base - veuillez faire correspondre la flèche du support de suspension avec la position UNLOCK située sur la base. Insérez et tournez dans le sens des aiguilles d'une montre jusqu'à ce que vous entendiez un clic.

Note: pour éviter d'endommager les écouteurs, veuillez NE PAS les recharger simultanément avec le support de recharge pour ordinateur de bureau et le câble micro USB.

Manuale di Istruzioni

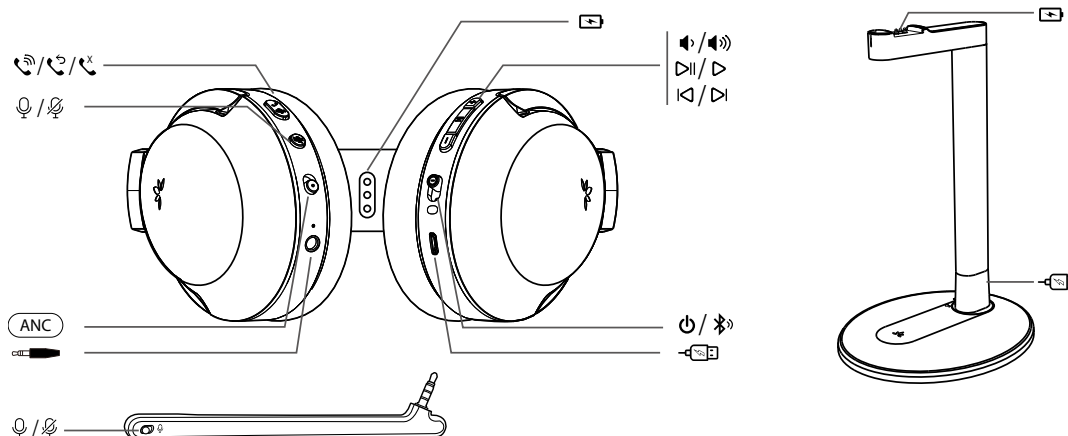

Wireless ANC Headphones with Charging Stand

Aria Podio

Guida rapida.....	1
Operazioni di Base	1
Collegamento Bluetooth	1
Utilizzare l'ingresso Aux	1
Caricare la batteria	2

Guida rapida

Operazioni di Base

	Accendere ON –  Far scorrere l'interruttore in mezzo		
	Spegnere OFF –  Far scorrere l'interruttore fino a 		
	Collegare Pairing –  Far scorrere l'interruttore fino a  e tenere per 3s, fino a quando il Led non lampeggia in ROSSO e BLU in modo alternato		
	Musica Play / Pausa – Premere 		Chiamate rispondere / Chiudere – Premere 
	Volume su / giù – Premere 		Rifiutare – Premere  2sec mentre arriva chiamata
	Tracce Avanti / Indietro – Tenere  per 2sec		Richiamare ultimo numero – Premere  due volte
	Attivare ANC –  (mentre è acceso)		Attivare / Disattivare Assistente vocale – Premere 
	Disattivare ANC – 		 – premere  sulla cuffia
			 –  /  ; Scorrere l'interruttore fino a  / opposto a 

Collegamento Bluetooth

- Mettete le cuffie in modalità collegamento (Durante il primo utilizzo, entreranno in modalità Pairing automaticamente appena si accendono).
- Accendete il Bluetooth sul vostro telefono. Cercate e selezionate "Avantree AS90T", una volta collegate, sentirete "connected."

Utilizzare l'ingresso Aux

- Usate il cavo in dotazione da 3.5mm audio per collegare un dispositivo non Bluetooth.

Nota: Se volete utilizzare la funzione ANC con il cavo, accendete la cuffia prima.

Caricare la batteria

Quando il LED lampeggia **rosso** una volta ogni 60 secondi, ricaricare le cuffie.

Posizionare le cuffie sulla dock di ricarica o collegarla a un caricabatterie USB (DC 5V/0.5-2A) tramite il cavo micro USB incluso. Normalmente ci vorranno circa 2 ore per caricare completamente. Durante la ricarica, il LED diventa rosso fisso e si spegne una volta completata la ricarica.

Posizionare le cuffie sul dock di ricarica. L'indicatore LED sul supporto rimarrà fisso BIANCO durante la ricarica e diventerà **VERDE** quando la ricarica è completa.

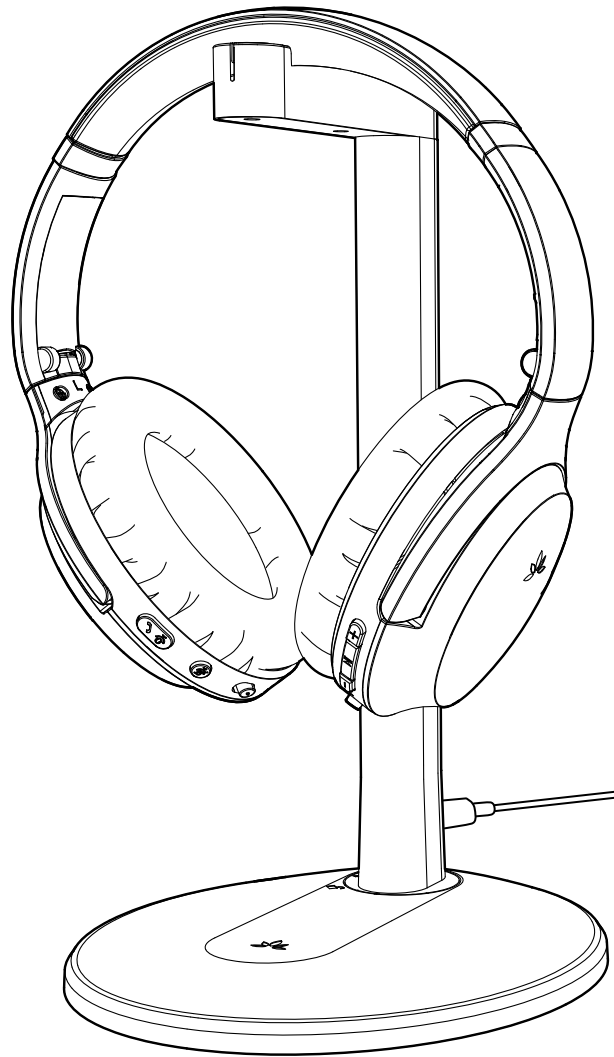

Per assemblare il gancio sulla base – si prega di allineare la freccia sul supporto del gancio con la posizione UNLOCK sulla base. Inserire e ruotare in senso orario fino a quando non fa clic in posizione.

Nota: per evitare di danneggiare le cuffie, NON caricare le cuffie utilizzando contemporaneamente il supporto di ricarica desktop e il cavo micro USB.

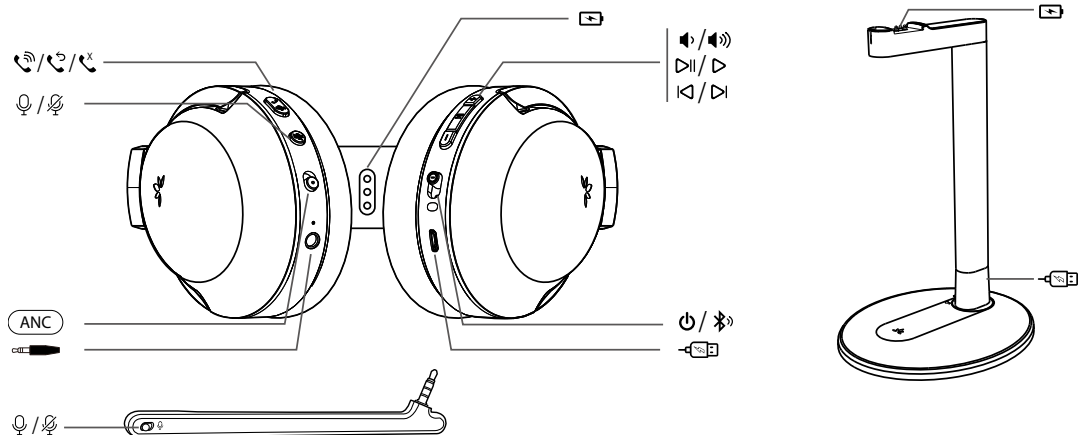

Manual de Usuario

Wireless ANC Headphones with Charging Stand

Aria Podio

Guía Rápida	1
Operaciones Básicas	1
Emparejamiento Bluetooth	1
Uso de la entrada Aux	1
Carga	2

Operaciones Básicas

	Interruptor ON – Deslice el interruptor al centro	
	Interruptor OFF – Deslice el interruptor a	
	Modo de emparejamiento – Deslice el interruptor a y manténgalo durante 3 segundos, hasta que el indicador alterne luz roja y azul.	
	Reproduzca / Pause música – Presione una vez	Conteste / Termine una llamada – Presione una vez
	Subir / Bajar volumen – Presione / una vez	Rechace una llamada – Mantenga 2 segundos mientras haya una llamada entrante
	Siguiente / Anterior pista – Mantenga / durante 2 segundos	Último número marcado – Presione dos veces
	Active ANC – (mentre è acceso)	
	Disattiva ANC –	
		– Presione en el auricular una vez
		– / ; Deslice el interruptor a / opuesto a

Emparejamiento Bluetooth

- Ajuste los auriculares en modo de emparejamiento (Para el primer uso, entrarán en MODO DE EMPAREJAMIENTO automáticamente cuando estén encendidos.)
- Active Bluetooth en su teléfono. Busque y Seleccione “Avantree AS90T”, una vez emparejado, oirá “connected” (conectado).

Uso de la entrada Aux

- Use el cable de audio suministrado de 3.5mm para conectarse a un dispositivo sin Bluetooth.
- Nota:** Si desea usar la función ANC en modo “cableado”, por favor encienda los auriculares primero.

- Usate il cavo in dotazione da 3.5mm audio per collegare un dispositivo non Bluetooth.

Nota: Se volete utilizzare la funzione ANC con il cavo, accendete la cuffia prima.

Carga

Cuando el LED parpadee en **ROJO** una vez cada 60 segundos, recargue los auriculares.

Por favor, coloque los auriculares en la base de carga o conéctelos a un cargador de pared USB (DC 5V/0.5-2A) a través del cable micro USB incluido. Normalmente le llevará alrededor de 2 horas cargar completamente.

Durante la carga, el LED se volverá ROJO y se apagará una vez completada la carga.

Coloque los auriculares en la base de carga. El indicador LED del soporte permanecerá BLANCO fijo mientras se carga y se volverá **VERDE** cuando se complete la carga.

Para montar el colgador en la base – por favor, haga coincidir la flecha en el soporte del colgador con la posición DESBLOQUEAR en la base. Inserte y gire en el sentido de las agujas del reloj hasta que encaje en su posición.

Nota: Para evitar daños a los auriculares, NO cargue los auriculares utilizando el soporte de carga de escritorio y el cable micro USB al mismo tiempo.
