

SLV supports the decision of Messe Frankfurt to postpone Light + Building 2020

'We were very excited to present our technical innovations and even more to have a great exchange with all customers.

As the health and safety of our employees, customers and partners is our top priority and the corona virus has spread unexpectedly in Europe, we fully support the fair's decision to move the Light + Building to September.

Our thoughts are with all those who are impacted by the virus and we wish them the very best of recovery.

Otherwise, the entire SLV GmbH is looking forward to a successful trade fair in September 2020.'
