

# Vernon Avenue to Clontarf Road

Active Travel Scheme

PUBLIC CONSULTATION

10th June - 10th July 2026

Information Event:  
Tuesday, 23rd June, 3-7pm, Clontarf GAA Club

## PROJECT OVERVIEW

The Vernon Avenue to Clontarf Road Active Travel Scheme aims to enhance walking and cycling facilities along Vernon Avenue. The scheme will cover 600 metres, from the Seafield Road junction with Vernon Avenue to the Clontarf Road seafront.

A significant new community space is proposed at the southern end of Vernon Avenue at the junction with Clontarf Road.

Dublin City Council are seeking public engagement on current scheme proposals.

## Why are we doing this work?

We want to improve Vernon Avenue for all users of the space. We aim to make it safer, easier and more pleasant for people to walk, wheel or cycle while enhancing the overall look and feel of Clontarf Village.

At the southern end of Vernon Avenue, a key objective is to create a focal point for Clontarf Village. We propose to provide a new community space from Clontarf Park to Clontarf Road. This will create a vibrant civic plaza for the community.

This scheme forms part of the Dublin City Active Travel Network.

## What improvements will this scheme make?

This scheme aims to deliver a safer, vibrant, more people-focused street by making the following changes:

- A **'mixed traffic'** street on Vernon Avenue from Seafield Road to Clontarf Park, where cyclists share the carriageway with vehicular traffic
- A **'filtered permeability'** arrangement from Clontarf Park to Clontarf Road with cyclists and pedestrians only in this zone
- **Localised community space enhancements** with resting places, greening measures and opportunities for outdoor dining
- **Improved pedestrian facilities** including a new zebra crossing at Nolan's and a step-free 'continuous footpath' at the southern end of Vernon Avenue
- **Improved connection to Clontarf Promenade and the carpark** south of Clontarf Road with a full junction upgrade at Clontarf Road
- **Enhanced connectivity** to the existing East Coast Trail to the south and the planned Gracefield Road to Vernon Avenue Active Travel Scheme to the north

Some parking spaces will be removed to enable these enhancements.

# Artist's impressions of the scheme

**View looking south along Vernon Avenue showing 'mixed traffic' street**

**View looking south along Vernon Avenue showing start of 'filtered permeability' arrangement**

# What's the purpose of this public consultation?

To hear people's views and get their opinions on the proposed scheme, Dublin City Council are holding a public consultation from:

**10th June 2026 – 10th July 2026**

We welcome all feedback we receive from the local community and will take all these views into account when further developing the design. A Public Consultation Report will be published on the scheme webpage: [www.dublincity.ie/vernonave](http://www.dublincity.ie/vernonave)

## How to Engage

To make a submission on this scheme, please see the options below:
