

LakeSmart

Thank you to camp owners
Who are working to protect the
future of Cold Stream Pond

Cold Stream Pond

- Clean and Clear
 - For us
 - For our families
 - For our future
 - Loons, too!

Bare dirt does not protect the lake
and
Lakes Like **Less** Lawn—not more

Buffers Protect the lake

Improvements count, work with what you have to protect the lake

2015

2019--Building a better buffer

Catch and Divert Water

Driveway to boat launch

Rubber razor intercepts runoff, sends it to rain garden

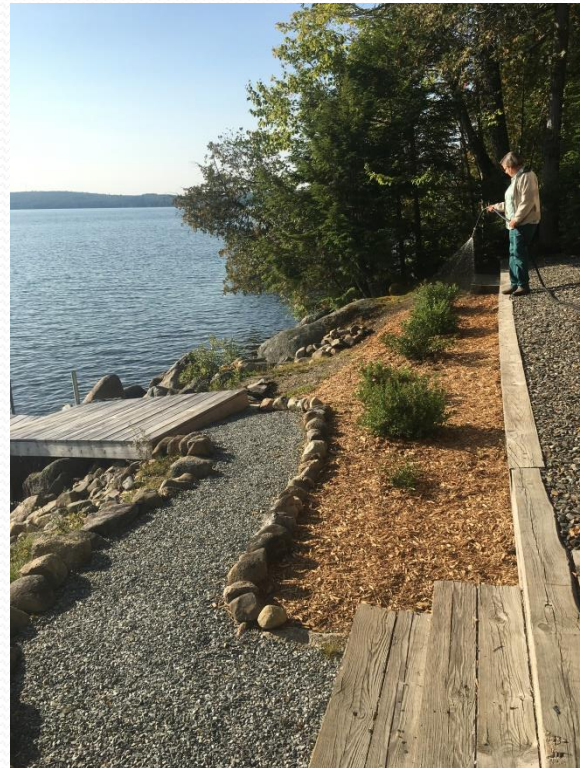

Every step matters

Bare

Beautiful

Small changes can help

Before

**1 year after adding plants,
mulch, rock**

Sometimes all it takes is not mowing

Road runoff goes to the lake

Buffer intercepts runoff

Nature can heal

Plants, rocks, mulch and time

2009--new construction

2019

We can do it!

Mulched pathways prevent runoff and soil compaction

Roof runoff---solved

We can do it for the Love of the Lake!

Water over bare soil

Infiltration Steps

Our efforts will bear fruit

Awesome Crew—none lost to the giant waterspout which appeared later in the day
