

Know, what's inside.

GBA GROUP

Food Analysis at the Highest Level

The GBA Group, founded in 1989, is a network of dynamic companies providing laboratory analysis and related services for customers in the food, environmental, and pharmaceutical sectors. Each of our divisions is known on the market for providing customized solutions that meet your individual needs.

With our team of experts, we place a strong focus on providing high-quality customer service by maintaining excellent communication with our customers.

Your Benefit:

By combining the highest analytical quality standards with personal support from one primary contact at GBA, you gain the assurance you need when trading your products, while benefiting from high-quality consulting and very fast order fulfillment.
