

EF Academy New York

US High School Diploma subject lists

The US High School Diploma is a broad curriculum for those who have not yet decided on a specific major or career path. Students focus on developing English proficiency, passing courses with a high GPA, preparing for the TOEFL/IELTS exams and the SAT. Students can pursue advanced coursework in one or more subjects leading to IB Certificates, depending on grade level. Certificate candidates take courses in their strongest subject areas interest and will receive an IB Certificate for each course successfully completed.
