

IN 14-2021- ASSG INVITE LIST AND COMMS

IN REF:-	14-2021	DATE OF ISSUE:-	18/10/2021
----------	---------	-----------------	------------

1.0. SUMMARY

Due to significant changes over the last 18 months within MAG and our service partners, and as we start to ramp up operations we would like to take the opportunity to review the Airfield Safety and Strategy group attendees and general communication list to ensure that all service partners are represented and receiving important information.

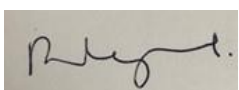

FURTHER ACTION

Please can all airside operators consider who in their businesses would add most value through attendance at ASSG, and confirm their email addresses to airfieldoperations@manairport.co.uk.

If any contacts need to be added to the distribution list for OAN's/IN's/ASA's, please confirm their email address to airfieldoperations@manairport.co.uk, clearly stating whether the email addresses should be added to the comms list, or ASSG – or in some cases both.

A new invite will be issued for ASSG ready for the November 2021 meeting.

Thank you in advance for your support,
