

Duration of EMA full passes

IN REF -	27/21	DATE OF ISSUE -	30 th December 2021
-----------------	-------	------------------------	--------------------------------

The duration of all EMA full passes will increase from 3 to 5 years from the 4th of January 2022.

The current published fees & charges still apply with no increase to cost for the extended duration of a full pass.

The reason for this change is to create consistencies with other MAG airports, and to bring ID passes in line with new regulatory requirements (accreditation checks).

This change will impact all EMA full pass holders and signatories.

The ID application process is still managed through ID gateway with no change to process.

The Passport to Operate Airside safety licence expiry will remain at 3 years.

Should you have any queries relating to the above please contact emapassoffice@eastmidlandsairport.com in the first instance.
