

Sounding Board Invitation

Brainport Eindhoven

We are looking for International and Dutch pioneers to help as a sounding board for initiatives to attract and retain tech and IT talent in Brainport Eindhoven.

Brainport for Internationals is a program that focuses on attracting and retaining (international) talent in the region. With many initiatives in the pipeline, we are looking for STEM-related people living and/or working in the region who want to share their input and experiences. As our audience, your input helps us deliver great initiatives, and your feedback helps us corroborate results.

What is in it for you

- A chance to have a say on the initiatives for the region
- A chance to network with like-minded people
- A chance to be more involved in the STEM community of Brainport Eindhoven
- A fun way to collaborate and share your insights
- To help possible residents, newcomers, and people living in the region
- And of course, there's always drinks and food included!

Who we are looking for

Tech and IT International and Dutch talent living in the Brainport region such as:

- Knowledge worker
- Students and former students
- Spouse/Partner
- Community representatives

Interested?

If you believe your input and insights can benefit other's journey in Brainport Eindhoven and you are part of the STEM community, fill out this form to tell us more about you.

As we want to make the sounding board as diverse as possible, we will (digitally) meet each applicant once you fill out the form.
