

ACCELERATED CERTIFICATE IN COMPANY DIRECTION

Course synopsis

The IoD Certificate in Company Direction will equip you with the knowledge you need to function as an effective company director and leader. Covering governance, finance, strategy and leadership, the certificate is a Bachelor level (SCQF) qualification in its own right and the first stage in the Chartered Director Programme (<https://www.iod.com/professional-development/chartered-director-programme/certificate-in-company-direction/>).

The certificate is comprised of four modules; Role of the Director and the Board, Leadership for Directors, Strategy for Directors and Finance for Non-Finance Directors. With the Accelerated Certificate in Company Direction you can fast-track your director development with our five and a half day course. Practical learning enhanced by real-life scenarios and peer collaboration will give you knowledge and skills that you can use immediately at board level for maximum impact. As well as offering time-poor directors a faster way to upskill, the accelerated certificate is also a great solution for leadership teams wanting to develop a shared approach to governance, strategy and leadership.

Exam

IoD certificate-level qualifications are internationally recognised and credit-rated under the Scottish Credit and Qualifications Framework (SCQF). Exams are flexible and can be taken at various dates throughout the year at a time that works best for you. They are completed using a computer-based testing system and are remotely invigilated allowing you to choose when and where you take them. All four module exams can be taken the same day although IoD Pall Mall recommend no more than two per day.

£200 per module or if you purchase all four certificate exams together, it is £600 (to be paid directly to IoD Pall Mall when confirming exam time/date)
