

Parcel Optimization Solutions

Bring confidence and clarity to your parcel strategy.

Parcel Contract Optimization

We function as an integral part of your team, assisting with existing and new carrier contracts. Our expertise spans national, regional and postal carriers.

Parcel Audit & Payment

The most comprehensive audit in the industry for all parcel carriers inclusive of invoice audit, service audit, compliance audit and payment. We also file and manage lost and damage claims on our clients' behalf, tracking them through to resolution.

Parcel Spend Management

Our hybrid-digital approach helps you make strategic decisions around your parcel strategy through Beon Commerce and our team of consultants with on average 20 years' experience in parcel.

BI & Analytics

Through Beon Commerce, we provide real-time data from carriers with the ability to schedule reports, drill down and segment the data and monitor carrier performance.
